ATHENS, April 17.—British-Greek Allied forces on the northern front today smashed successive heavy German assaults aimed at breaking the center of the Allied line as fury of the battle of northern Greece mounted to heights hitherto unequalled in Balkan warfare.  
Between Gravina and Kalamika, German troops launched one assault after another, each in turn recoiling from deadly fire concentrated on the attacking ranks by the Allied defenders, military advisers reaching Athens said.

ATHENS, April 17.—German legions launched a new attack in western Macedonia today after smashing into the upper valley of the Haliakmon river.

Latest military dispatches to Athens stated that Greek troops defending that sector were bearing the brunt of the new Nazi assault.

These reports claimed the Greeks inflicted serious losses on the Germans and added that the Nazi mechanized units despite desperate

Pa New notes that Westminster college is seeking to eliminate the weather lull that has pursued the May Queen coronation ceremonies on the campus for several years. The program this year will be at 4:30 in the afternoon, instead of 7 o'clock in the evening. For several years rain has spoiled the program, developing just about the time that the ceremonies were started. This year it is hoped to beat the rain arrival, if it happens to be that kind of a day.

### 'Flying Evangelist' Dies In Plane Crash

Dan McNally, Wife And Child Victims At Endicott, N. Y., Airport

Rev. Daniel McNally, noted "flying evangelist" who spoke here during the City Rescue Mission anniversary observance last fall, was killed when his own plane crashed near Endicott, N. Y., Monday. Superintendent Archie Gibson of the mission learned Wednesday afternoon.

Mrs. McNally and their four-year-old daughter, Kitty, also died in the crash. Another woman friend of the family, identified as Miss Mary Wicks, was seriously burned by fire which enveloped the wrecked ship. The accident was the first fatal one at tri-cities airport at Endicott.

The evangelist had been at the controls. Superintendent Gibson said Rev. McNally had the plane at New Castle airport during his stay here last fall.  
Calvary Gospel tabernacle audiences heard Evangelist McNally on several occasions, while he was in New Castle.

Estimated Tax Burden For Year Is \$12,667,000,000, It Is Revealed

By WILLIAM S. NEAL  
International News Service Staff Correspondent

WASHINGTON, April 17.—With the announced policy of taxing "people who haven't paid anything up to this time," the administration today submitted a new revenue program to congressional leaders calling for a \$3,500,000,000 increase to federal levies.  
The request would bring the total estimated tax burden for the next year to \$12,667,000,000.

Secretary of the Treasury Morgenthau with the approval of President Roosevelt announced the administration's objectives after conferring with Democratic and Republican leaders of Congress. Morgenthau said that the president would explain the program to the American public some time in the near future.

**Raise Two-Thirds Cost**  
Morgenthau reiterated that it is the administration policy approved by congressional leaders, to raise money for defense two-thirds by taxes and one-third by borrowing.

He said that minority leaders of Congress, including Sen. Vandenberg (R., Mich.) and Reps. Treadway, Mass., Crowthers, N. Y., had approved both the taxing principle and the amount to be raised.

Morgenthau explained that during the 1942 fiscal year estimated expenditures of the federal government

### Agreement For Northern Miners Reported Ready

New Wage Agreement May Send 250,000 Of Miners Back To Work

By JAMES L. KILGALLAN  
International News Service Staff Correspondent

NEW YORK, April 17.—A new wage agreement which may send 250,000 of the nation's idle bituminous miners back to work was ready to be O. K. today by union officials and operators of the northern Appalachian area.

The southern operators, however, have refused to join in the agreement.

The new contract, it is understood, calls for a \$1 a day wage increase which means the northern miners will receive \$7 a day and other concessions, including two weeks' vacation with pay.

**Agreement Tentative**  
John L. Lewis, president of the United Mine Workers, made it clear the agreement was "tentative." He said it is subject to approval by the miners' policy committee and the northern operators.

When the mines will be re-opened has not yet been decided in view of the situation.

The southern operators, who bolted the joint Appalachian conference last Friday, have refused to grant more than 11 per cent wage increase, or 60 cents per day.

They also refused to eliminate the 40-cent wage differential between northern and southern miners. Under the old contract northern miners received \$6 a day, miners in the southern Appalachian area \$5.60 a day.  
The southern operators asked Secretary of Labor Frances Perkins to certify the wage controversy to the national defense mediation board.

### Entire Italian Convoy Is Sunk

British Jubilant Over Destruction Of Five Transports And Three Destroyers

### BRITISH LOST ONE DESTROYER

(International News Service)  
LONDON, April 17.—British naval circles were jubilant today over Britain's newest Mediterranean Sea triumph — "annihilation" of an Italian convoy of five transports and three escorting destroyers.  
They declared this victory — in which not a single Fascist vessel escaped — spelled serious trouble for Axis efforts to supply the Italo-German troops now threatening Egypt and the Suez Canal.

The eight Italian ships were sunk between Sicily and Tripoli at the cost of but one British naval unit, the 1870-ton destroyer Mohawk which was torpedoed and sunk.

In addition to this success, London circles learned with elation that British naval units had shelled the land communications of the Axis forces now operating around Sollum in Egypt.

The naval force that attacked the convoy sank two 5,000-ton supply ships, a 4,000-ton ammunition ship and two 3,000-ton transports, according to a British admiralty announcement. In addition, the communiqué said, the 1,628-ton Italian destroyer Luca Tarigo and two smaller destroyers also were sent to the bottom.

### Report Rumanian Troops To Enter Yugoslavia

(International News Service)  
BERLIN, April 17.—Rumanian troops have been ordered by the Bucharest government to take possession of the Banat region of northeastern Yugoslavia, which formerly was part of Rumania's territory, it was reported in Berlin today.

Rumanian forces already have crossed the border into Yugoslavia. It was believed, following the example of Hungarian troops which occupied a segment of Yugoslavia several days ago.

Reports of the Rumanian move reached Berlin as the Balkan scramble for parcels of Yugoslav territory grew more intense.

Bucharest's action was described as the reply of the Rumanian government to an appeal from Rumanian nationalists in the Banat region.

Authoritative German quarters do not yet officially confirm the reports, but they left no doubt that such action already has been sanctioned by Berlin.

(Editor's Note: The Geneva newspaper Suisse in a dispatch from Berlin described the situation in Yugoslavia as "hopeless." The report said Yugoslavia's entire political system has been dislocated and the government "dispersed.")

Mrs. B. H. Craig and son Bud, Randolph street, have arrived home from Washington, D. C., where they visited for a week with Mr. and Mrs. Floyd Moore, former residents of New Castle. They also attended the crowning of the cherry blossom queen.

Stuka Dive-Bombers Do Deadly Work In Their First Raid On London

By MERRILL MUELLER  
International News Service Staff Correspondent

LONDON, April 17.—Hundreds of German raiders, including Stuka dive-bombers, gave London its worst pounding of the war last night and early today in an eight-hour blitz attack that killed and injured uncounted civilians.

While thousands of incendiaries and ton upon ton of high explosive bombs rained on the British capital, R. A. F. bombers hammered naval and industrial targets in northwestern Germany.

Air ministry officials revealed that five of the German night raiders were shot down.

**First Use Of Dive Bombers**  
The prolonged Nazi attack, which marked the first use of Stuka dive-bombers against the British capital, was generally conceded the worst of the war.

Experienced observers agreed that it equaled in intensity the heaviest German attacks of last September.

Among the targets hit were eight London hospitals—one a maternity hospital and another a mental institution—all of which were set on fire.

Bombs also struck a church and a town hall.  
One high explosive fell into a suburban garden, wiping out a family of eight taking refuge in their Anderson shelter.

The air ministry communique describing the Nazi assault said:  
The enemy carried out an extremely heavy and sustained attack

### Slayer Of Woman Faces Execution

(International News Service)  
NORRISTOWN, Pa., April 17.—William "Whitey" Earnest, 35-year-old short-order cook of Philadelphia, today was sentenced to death in the electric chair for the murder of Mrs. Ethel Atkins, 33, of Philadelphia.

Earnest showed no sign of emotion during the two-minute court session at which Judge William F. Danneher formally read the death decree, mandatory since the convicting jury did not recommend mercy.

Mrs. Atkins was beaten to death in a vacant farmhouse at Horsham, Montgomery county, last September during a fight which followed a night of drinking in a tour of north Philadelphia taprooms.

## Plane Hostess Seriously Hurt

Motor Trouble Sends Plane Down Near Charleston, West Virginia

THREE PASSENGERS STILL IN HOSPITAL

(International News Service) CHARLESTON, W. Va., April 17.—The 22-year-old hostess and three passengers of a Pennsylvania-Central Airlines plane remained in a hospital today as investigators sought the cause of motor trouble which sent the 16-place transport down on a wooded hilltop near the Charleston airport.

The hostess, Irene Coates, of Pittsburgh, was most seriously hurt, with back injuries which the hospital described as severe, possibly a spine fracture. Two other passengers suffered back injuries—Miss J. Gould, 20, Royal Oak, Mich., and H. M. Jordan, 35, Pittsburgh, the hospital said, while Paul E. Middleton, Indianapolis, escaped with a broken nose.

Able To Leave Hospital. Two other passengers and the pilot, Capt. Russell Wright and First Officer William Riley, were treated and discharged, according to the hospital.

The twin-motored transport had just taken off from Charleston airport for Pittsburgh when witnesses said it seemed to falter and headed toward the hilltop. Pilot Wright said the right motor failed, forcing him to make an emergency landing.

The pilots helped the passengers through a cockpit hatch when it was found the plane door was jammed shut. A. W. Crawford, of Charleston, who was unhurt, said the "ship hit the ground with a tremendous crash" after shearing off tops of several trees.

sent a bullet to one of them for an analysis of its composition. A trap was set for him and he was apprehended when he sought to regain possession of the bullet.

Held For Investigation

He is now being held for investigation and an effort is being made to ascertain how he managed to get the bullet out of the package sent to Washington.

A heavy guard has been placed around the plant at which the new explosive is being manufactured and the background of every employee is being carefully checked.

Large scale production of the explosive is expected shortly, and it is likely to be used for the navy as well as the army. Experimental tests recently carried out with the explosive at the army proving grounds at Aberdeen, Md., were considered highly satisfactory by army authorities.

The new explosive is manufactured of a waste material of which there is an abundance in the United States, and it costs about one tenth the cost of the ingredients ordinarily used in the manufacture of shells.

## NATION'S STEEL INDUSTRY EXPECTED TO CONTEST ORDER

dict. His office advisers were asked what steps Henderson would take if steel companies went ahead and increased prices without getting exemptions from him. Henderson said word through them that "I'll get tough."

Henderson holds vast powers to enforce the order, even to the point of seizing a plant or running a firm out of business.

Henderson acted after steel companies, partly at demands from the CIO, gave approximate 500,000 workers wage increases of 10 cents an hour. As a result of the wage increases, steel company spokesmen said that price advances might be necessary.

The price control administrator moved before the steel companies could post new prices. He banned the advances, he said, "because a steel price increase at this time might touch off a general increase in the cost of living and start the country off to price inflation."

## LONDON SUFFERS GREATEST BOMB ATTACK OF WAR

(Continued From Page One)

on London, which began shortly after dark and lasted throughout the night until shortly before dawn.

Casualties Very Heavy

"Early reports show casualties were very heavy and that there was considerable damage."

"Bombs were dropped outside London, mainly on the home and southeastern counties, but no where in these areas were casualties large or damage extensive."

This correspondent was among the minor casualties.

While covering the hottest part of the raid I was trapped in a street when a high explosive bomb burst nearby. The concussion flung me back against a stone wall, filling my eyes with glass splinters and bits of gravel and stone.

Someone rushed me to a casualty station where I was given emergency treatment and then permitted to return to work.

The attack was by far the worst I ever have experienced, and I have seen virtually all of London's raids. At the moment the full extent of the casualties and damage cannot be estimated.

Gigantic Attack

But observers expressed belief that more incendiary bombs were dropped on the city than during the famous "fire blitz" of December 29—and that probably more high explosives were dropped than even at the height of the heaviest attacks last September.

Touring the London area early this morning I saw many avenues and streets severely damaged, with debris sprawling in all directions.

Smashed glass from shop windows was piled high in gutters. Many fires were still smoldering as late as 10:30 today.

At that hour hundreds of fire fighters, air raid wardens and home guards were still struggling to extricate people trapped in the ruins of their homes and shelters.

One bomb scored a direct hit on a club housing some troops from overseas.

The building was completely wrecked and it was feared that some of those inside were killed, although many escaped—seemingly by some fluke of nature.

One was blown through a fifth-floor window to the street, but suffered only slight bruises.

This morning many roadways were crisscrossed by fire hoses and many sections of the city where delayed action bombs fell were roped off.

Transport Systems Hit

Transport systems were badly hit, forcing many factory and office workers to hitch-hike to work, thousands of them arriving late. Others were forced to give up all attempts to get to their offices or plants.

As in many previous attacks on London, numerous churches took a severe pounding. Many badly damaged in previous raids were hit again—and now only their bare shells are left standing.

In one district I saw priests in their shirt-sleeves and nuns ignore all police warnings and dash into crumbling church ruins to recover what was left of holy relics.

Use of the Stukas brought a new experience to roof-top fire watchers who saw the city illuminated brightly by flames and then heard the roaring zoom of the Stukas as they went into their death-dealing dives.

At the lowest possible altitude they released their bombs, which screamed down and burst with deafening detonations.

In one district four persons were killed and many more injured when a brick surface shelter was hit squarely.

Fire bombs first ringed the city with flames, which served as beacons for the diving Stukas. Fire fighters worked heroically to douse the incendiaries, but frequently the explosives rained down so fast and in such numbers that the firemen had difficulty keeping up with the fires. Many fire fighters were killed or injured by explosives while struggling with the incendiary flames.

Throughout it all was the amazing fortitude of London's civilians.

As I walked through bomb-shattered streets during the eight-hour ordeal I passed huge shelters where the walls and floors trembled as huge bombs burst nearby.

But these same shelters rang with songs . . . "There'll Always Be An England" . . . "The King is Still in London" . . .

In the shelters and at first aid stations doctors and nurses worked like trojans, caring for the wounded.

## GREEK TROOPS BEARING BRUNT OF NEW ATTACK

(Continued From Page One)

efforts—had failed to pierce the new Greek line of resistance at any point.

Claim Nazis Repulsed

British forces, it was claimed, repulsed German mechanized columns on the eastern wing of the Anglo-Greek defense line.

The British units inflicted "considerable damage" on the Germans, official quarters in Athens declared.

Earlier, after striking deep into the former Anglo-Greek defenses, German forces fought furiously in the Greneva region in a mighty effort to capture the strategic railroad at Kalabaka.

This Nazi advance was frankly conceded in a communique issued by the Greek high command, which likewise stated German units had penetrated the upper valley of the Haliakmon river in western Macedonia.

By piecing together the newest Greek official statements, it became evident that the new Anglo-Greek line as now constituted runs southeast from a point below Chimara on the Albanian Adriatic coast to the Greek city of Yanina, then westward above Trikala and Larissa to the Aegean sea.

Claim Line Holds.

Greek authorities claimed that this line is standing firm and that it has not been penetrated at any point by the attacking Nazi panzer legions.

The Greek high command communique, which partially confirmed earlier German claims of advances, stated:

"In Western Macedonia German forces penetrated the upper valley of the Haliakmon river. They also were active in the region of Greneva, where they are trying to advance towards Kalabaka."

"At the heights of Kozani they advanced south of the Haliakmon. In the district south of Koritza (Albania) the Kiamakari gorge fell into the hands of the enemy."

Despite these advances, the official Athens radio stated, the Anglo-Greek defending forces have "repulsed German mechanized columns at many points on the northern front and inflicted considerable damage on the Germans."

Compelled To Withdraw.

But it was admitted that as the decisive battle to settle the fate of Greece increased in fury, Hellenic warriors were compelled to carry out strategic withdrawals on the eastern flank of the front.

"The battle of Western Macedonia is now in full progress," the official radio announcement said.

"The Germans, aided by their air force, are using considerable forces. But they have not yet pierced the new Greek lines of resistance."

The radio broadcast added that in Albania "local attacks were repulsed with heavy losses to the Italians."

Necessity for some retreat on the eastern flank was revealed by a Greek press ministry spokesman. He declared:

"After penetration by German mechanized troops in eastern Macedonia, certain movements of Greek troops were necessitated."

"Thus the Greek army has taken up new positions."

BERLIN, April 17.—Capturing prisoners "everywhere," German forces are advancing on all fronts in Greece, the German high command announced today.

Details of the latest fighting in the crucial battle were withheld today in accordance with the German custom of keeping precise information secret until a specific engagement has ended.

An official German communique, in fact, made only laconic reference to the German-British hostilities in Greece, an observation confirming capture of Serbia, northwest of Mt. Olympus, in eastern Greece.

"In Greece, troops of the German army carried their attack forward towards the south, capturing Serbia which is situated to south of the Haliakmon (Karitza) river."

But authoritative German quarters expressed hope they would be able to spring a new surprise on the world before Chancellor Hitler's birthday observance on Sunday.

It was admitted, however, that the task of smashing up the Greek and British defenses in Greece will not prove as easy as breaking Yugoslavia's resistance, partly because of the natural mountain fortifications and strongholds in Greece.

On the other hand, it was contended, the hardest part of the task was completed in Macedonia and at Salonika, "which nevertheless was speedily conquered."

The fighting still in progress in Yugoslavia was authoritatively characterized as merely a "major police action."

Spies dropped in England may speak flawless English, but they'll give themselves away. No Englishman growls: "I'm tough and wonderful."

with a nice clear, all wrapped in cellophane. He took the cellophane off and threw it into the street. This is a small thing, but when scores and hundreds of others are throwing cellophane wrappers, chewing gum wrappers, and other bits of paper and refuse on the street, it is the means of always keeping the streets in unattractive condition. Appoint yourself a committee of one to see what can be done about keeping the streets more presentable.

Lincoln avenue is another street which suffered considerably from the action of the frost last winter. The street is paved with asphalt blocks and is heaved up in many spots, the entire length of the street.

Almost in the span of a single day the Forsythia bushes throughout the city burst into full bloom. There are hundreds of these that are now adding to the beauty of springtime throughout the city.

There is one flag pole in the city or rather just outside the city limits which is without a flag. Of all the flag poles in the county this one rates a flag ahead of most. It is the flag pole at the Joseph V. Cunningham Armory. There are two flags inside the building, both tattered and torn. Neither is fit to put out on the pole. Some patriotic organization could be of service by donating a flag to the armory.

ment totaled \$19,000,000,000. Anticipated revenues to date indicate total receipts of \$9,223,000,000.

What kind of taxes will be levied to raise the new revenue was not revealed.

Details Not Given

Morgenthau himself refused to give details of how the new taxes would be raised, but said it was his object to have everyone pay one-third more in taxes in 1942 than they did in the current year.

Morgenthau said the tax program undoubtedly would "reach people who haven't paid anything up to this time," indicating that the tax base would be further lowered below the present \$800 exemption for single persons and \$2,000 for married persons.

Morgenthau said that if the administration formula for taxing is

## CONSERVATION WOMEN ENJOY PROGRAM-TEA

Lovely in every detail, was the meeting of the Conservation Department of the Woman's club, held in the home of Mrs. Raymond Horcher, Wednesday afternoon, when she entertained jointly with Mrs. Charles Wetlich, Mrs. William A. Pond and Mrs. Vennor Bright at their regular social event featured with an interesting program and tea.

During the short business period, with Mrs. Bright presiding, the large assemblage responded to roll call by giving "Recollections of Grandmothers Garden." Attention was given to several fine papers afterwards, the first on "Coral, Reef and Sponges" contributed by Mrs. Harry Gormley.

"An Old Fashioned Garden" was the topic of the second article given by Mrs. Kenneth Cotton, and "Flowers of 1941" was the subject of the third paper composed of Mrs. John Elliott. A short discussion ensued. In tapering off the afternoon festivities, the group enjoyed tea and dainty refreshments served from a table prettily appointed in tints of pink, a lovely arrangement of flowers adorning the center, flanked by tapers at either side. Mrs. John Elliott presided.

The next meeting was planned for Wednesday, May 21, with Mrs. Martin Hornung, of Sheridan avenue, hostess.

### Delphic Club

Members of the Delphic club were entertained Tuesday evening in the home of Charlotte Snyder.

After the guests arrived they went to a local tea room for spaghetti. Marian Duff and Marjorie Cornelius were installed as president and secretary to take the places of Peggy Usselson and Ida Mae Gill.

## EVELYN O. NICHOLAS WINS IN ART SHOW

Evelyn Offutt Nicholas, daughter of Mr. and Mrs. W. J. Offutt of Euclid avenue, again has won first honors among the women at the seventh annual exhibition of the Butler County Associated Artists.

Mrs. Nicholas had three paintings, a portrait, a dog picture and a group picture in the exhibition at the Butler Public Library auditorium. Last year her charcoal drawing won first place among the women, and in other years her paintings were always given blue ribbons.

Judges of the show were members of the Associated Artists of Pittsburgh and included Anna Belle Craig, Rachel McClelland Sutton and Dorothy Hamby Ellen.

## STREAMLINERS CLUB HONORS BIRTHDAYS

A lovely party for the Streamliners club was held recently when Miss Elizabeth Smith entertained in the home of Mrs. Evan Evans on North Mill street, the occasion taking the form of a birthday celebration, honoring three of their number, Mrs. George Hammond, Miss Thelma Kerber and Mrs. Lewis Bush. Each received a birthday gift from her "secret sister."

Cards were in play, with prizes going to Miss Virginia Kerber and Miss Thelma Kerber, while the gallop fell to Mrs. Dennis Sturdevant. At a suitable hour a delicious lunch was served by candlelight at a table appointed in Easter suggestions, which also was combined with the birthday motif, Miss June Evans aided.

The next meeting will be a party on Wednesday, April 20, honoring Miss Elizabeth Smith on her birthday anniversary. It will take place in the home of Mrs. Henry McClurg of East New Castle, with her sister, Mrs. Margaret Anderson, hostess.

## LUNCHEON WEDNESDAY FOR O. N. T. MEMBERSHIP

A beautifully appointed 12:30 o'clock luncheon was enjoyed by O. N. T. club members Wednesday, in the home of Mrs. George Martin, of Mt. Jackson, the appointments being suggestive of the Easter season, marking their monthly social event.

Mrs. Blanche Hoffmaster, of Youngstown, O., a special guest, aided the hostess in serving a delicious prepared menu, and the time that ensued was spent informally. Places were arranged for ten guests.

Plans were made to hold the May meeting in the form of a luncheon and theatre party, the date to be decided. Hostesses for the occasion will be Miss Anna Gibson and Miss Agnes Davidson.

## MRS. HARRY NEWMAN HONORED AT SHOWER

Thirty-two officers, teachers and members of the choir of St. Paul's Lutheran church met for a chicken dinner at the Elks club Wednesday evening. The event honored a teacher, Mrs. Harry Newman, who is leaving soon for Beaver Falls.

Mrs. Newman was showered with an array of beautiful towels from those in attendance. A pleasant social period followed the dinner. Those on the committee in charge were Mrs. A. T. Chamberlain and Catherine Eve.

During the teachers' meeting, plans were made for programs for children's and mother's day.

### Good Neighbors

Mrs. G. L. Todd, West Washington street extension, entertained members of the Good Neighbors club in her home Wednesday afternoon.

Three special guests, Mrs. F. P. Bussey, Mrs. Richard Jones and Mrs. Harold Duncan, enjoyed the meeting.

### TWO SIDES TO DEFENSE SACRIFICES

ONE point about our mammoth preparedness program that has not been sufficiently emphasized was noted by Secretary of War Stimson recently in his testimony as the first witness before the new defense investigating committee headed by Senator Truman.

It is that the rearmament campaign upon which we are embarked is not likely to be a short affair and that it may entail substantial sacrifices by all the people before the dangerous emergency period is over.

Certainly it is a fact that if Britain fell we would find ourselves living in a new and terrible world. It is probable that in such case, in order to make our country impregnable to aggression, we would have to forego many of the comforts and conveniences that now contribute to pleasant living.

We are quite sure that the American people will not flinch at sacrifices for their nation's safety. Self-reliance and self-restraint are American traditions. Our people will gladly make whatever sacrifices are required.

But there is another side to this question of co-operation suggests the Philadelphia Inquirer. The American people look to their government not only to conduct the defense program in the most efficient manner possible, but, while spending necessary billions for armament, to guard against needless expenditures of the taxpayers' hard-earned money.

It is clear that we have not yet wholly streamlined defense production and organization, and that we have not yet begun to pare non-essential expenditures to the bone. To those ends government officials should devote careful effort.

### BATTLE OF ATLANTIC

As the world gets a comprehensive view of the war the understanding of the place of its culmination is coming into greater clarity. Not only do the military experts and leaders like Churchill now point out that the decision will come in the "battle of the Atlantic" but public sentiment everywhere is beginning to recognize that the ultimate issue pivots upon England's ability to provision itself to the end of the struggle.

Thus viewed in its deeper perspectives the struggle promises to become more and more a conflict centering in supplies. It is, in general terms, a contest between Britain seeking to apply a blockade to Germany and Germany seeking to plug England's channels of commerce.

That picture of the war puts its climax in the Atlantic Ocean. The one big store house is made up of the Americas. So long as England can maintain access to that store house, Hitler can not subdue England. Therefore, failing in the channel invasion, Hitler's war depends upon his disruption of aid to England from the Americas.

It is not an idle prophecy that the battle of the Atlantic will decide the war.

### THE ESSENTIAL MOTOR

No better illustration of the integral part the motor car has become in the community could be found than the present persistence of that vehicle in Paris.

Notwithstanding the growing scarcity of gasoline, which caused all car owners to be put under special license, cars have continued to be available for transportation and only during the last week have the occupational forces taken steps to cut down drastically the number of cars in use.

Owing to the high price of gasoline and their own financial pinch thousands of Parisians have had their cars out of commission for months, but for all that the motor traffic kept up. Now the Nazi prefecture of police has announced that a census of cars in each district will be taken with a view to withdrawal of some of the special licenses. Ambulances, doctors' cars, delivery trucks and essential service vehicles are not to be banned.

Nothing in the many additions to modern life has been more thoroughly tied into living than the motor car.

### NEW GOVERNMENT SECURITIES PLAN

When the government begins, about May 1, pressing issues of government securities upon the public to finance the preparedness program, the design will be to pump money out of the public storehouses in a way that will best safeguard the nation against the evils of inflation and will give the people a sense of taking a direct part in the defense of the country.

To this end the Treasury Department will offer four types of securities: (1) Defense Savings Bonds, or "baby" bonds, sold at 75 per cent of face value, to mature in ten years and yield 2.9 per cent; (2) Series F Savings Bonds, sold at 74 per cent of face value, to mature in twelve years and 2.53 per cent; (3) Series G Savings Bonds, sold at par, bearing 2 1/2 per cent interest payable semi-annually and maturing in twelve years; (4) Postal Savings Stamps, in denominations of 10 cents, 25 cents, 50 cents, \$1 and \$5, bearing no interest but to be accumulated until enough have been saved to purchase a Defense Savings Bond.

If extra money is put into these bonds, it is supposed, the public will not be able to indulge in so heavy a demand for goods of which there may be a scarcity.

The idea of selling the bonds at less than their face value is to avoid interest payments. Interest accumulates against maturity value. Most of the bonds will be redeemable on 30 days' notice. They will be on sale at 16,000 post offices.

A correspondent says that Stalin continues to play a mysterious role. The red mask, however, seems familiar.

Russia, which is very complimentary to Yugoslavia, should be informed that compliments put no bullets in machine guns.

The government's announcement that it will peg farm prices is based on the assumption that there will be no shortage of pigs.

Considering all the government umpires, one would think they could make their "play ball" command stick in the defense factories.

Do you remember the good old Horse and Buggy days when the hottest arguments in the spring were about which team would win the pennant in the fall?

## The Parent Problem

By Garry C. Myers, Ph. D.

### TOT AND 'BAD WORDS'

Writing of her boy five, a mother says: "About two years ago he seemed to develop a mania for doing everything he shouldn't. His father and I were scolding and punishing all the time. The child became nervous and jumpy when spoken to. We knew we had to change methods. Through the advice in your column, we made a list of just a few things that must be forbidden and just shut our eyes to the non-essentials. Then we praised more for the good things he accomplished. This worked wonders with Merle in time.

"Now we have another problem. Merle has a grandfather who swears often and Merle is beginning to form some undesirable speech habits. At first we explained to him that our family don't talk that way and we just ignored it when he used a bad word thinking he would drop it if no fuss was made. This didn't work. "Next I tried punishment. I made him sit on a chair 15 minutes every time I heard a swear word. He will carry on an imaginary conversation with himself, say nursery rhymes, count objects and otherwise amuse himself. If I lengthen the time of sitting I have to enforce it with a stick and stand right over him. Now I've been trying to slap his mouth every time he says a bad word. This seems to bring back the old nervousness and once in a while he stutters. This alarms us, of course. We know something is wrong with our methods. We will be more than glad to try whatever plan you suggest. Enclosed is a stamped envelope."

Consistent Effort  
One must admire this mother for her conscientious effort to see her problem and find ways to solve it. This was my reply.

Inasmuch as the earlier program you and your husband planned and followed worked so well, you can have confidence that you will solve this problem.

Just assign him, as you have done, to sit in the chair each time he swears. Make it 30 minutes henceforth. Don't be annoyed at his amusing himself while serving sentence. Even converse with him if he so desires; only he must serve out his time.

There is no occasion to stand over him with a stick. Tell him just once that if he should leave the chair before the time is up, you will spank him. Be sure you do the first time he leaves and every time thereafter. He will try you out and take a step or two and you will be tempted then to shout and threaten. But regardless of this do exactly what you said you would do without a single exception.

You will get best results in any warranted punishment if you practice self-control and talk calmly with no show of feeling. A copy of my Prayer for Parents may be had by writing me at 235 East 45th Street, New York City, enclosing a self-addressed envelope with a three-cent stamp on it.

Solving Parent Problems  
Q. What is the best treatment for nail-biting?

A. More family poise and serenity, quiet voices and usually silent radio; more love, sympathy and understanding of the child; and better routine habits in the child who will not have too much excitement nor grow too weary at play, but will have ample outdoor fun with others of his age. Then expect improvement only after several weeks or months.

## The World and the Mud Puddles

### HE MUST LIKE IT.

Congressmen are not properly appreciated by their public. Representative Patrick of Alabama complained in the House of Representatives recently. A Congressman, says Mr. Patrick, must springily entertain his constituents, their wives, and their sons' wives, taking them to the White House and to other exalted places.

He must explain legislation, and tell how he is voting and why. He must respond to worthy causes, make after-dinner speeches, work all night, yet be as fresh as a daisy the next day.

He must be a lady's man, but no less a man's man; a raconteur, yet a philosopher; a Democrat with a Republican slant; a Republican with a Democratic slant; a New Dealer and Old Dealer and a Quick Dealer.

He must get "home" to attend six or eight major functions during his term, performing feats of legendariousness with his mile-a-minute. He must keep his car in good shape, and be continually ready to act as guide to all points of historic interest in and about Washington. This will include taking the daughters of constituents to see the midshipmen at Annapolis.

He must be an authority on economics, civics, finance, export trade, and international relations. The voter back home reading this poignant recital, if he is a fair and kindly man, will be beset with some sympathy. And yet how rarely one hears of a Congressman who doesn't want to be re-elected!

## HINTS AND DINTS

Sun sets tonight 6:40. Sun rises tomorrow 5:18.

Invariable criticism of a group picture is that "it is good of everybody but me." A camera man says he has heard this remark more than a million times.

A jurist at Wilkes-Barre, Pa., refused to perform a marriage ceremony. He declared a marriage ceremony is too sacred for a jurist to perform. "I frown on the practice." At one time we had authority to perform marriage ceremonies and we quit just for that same reason. We performed quite a few ceremonies and have never heard of any of them since.

After sizing up the situation at a southern beach recently, a swimmer made this remark: "Many a sweet young thing is getting sun-tanned where she should have been tanned by her mother's paddle or hair brush."

"Be observing, my son," counseled Willie's father. "Cultivate the habit of seeing and you will become a successful man."

"Yes," added Willie's uncle, don't go through life like a blind man. Learn to use your eyes."

"Little boys who are observing get on much faster than those who are not," Aunt Jane put in.

The youngster took their advice to heart. A day passed and once more he stood before the family council.

"Well, my son," said his father, "have you been using your eyes?" Willie nodded. "Tell us what you've learned."

"Uncle Jim's got a bottle of whiskey hid behind his trunk," said Willie. "Aunt Jane's got extra set of false teeth in her dresser, and pa's got a deck of cards and a box of chips hid behind Emerson's Essays in the bookcase."

"The little sneak!" exclaimed the family with one voice.

Our greatest danger in this country is from some bad eggs here, even more so than from Hitler or any of his kind.

Seems remarkable that everything as common as love can be so wonderful.

Ambition is for the young. After you get old and wise, you don't care about the respect of people who respect you only if you have money.

On account of the dry weather, farmers in this vicinity are already compelled to haul water from a distance. What if they would strike?

A Chicago woman stole \$11,000 so she could marry a man who needs reforming.

Daddy (with a son in college): "They make college bread, my boy, from the flour of youth and the dough of old age."

The average American family now owes \$1,813.13 on the national debt. And it hasn't got a good start yet.

After the seventh drink, the brand doesn't make much difference.

Tired Tim—Ah, it's a cruel heartless world, Jimmy. What d'yer think a woman does the other day when I asked her to give me something to keep body and soul together?

Jimmy—Dunno.

Tired Tim. She gimme a safety-pin.

"So your husband mixes the hot cake dough for you."

"Yes, he's the batter half."

### THE DIFFERENCE

"I'm supposed to buy a camisole or a casserole, and I'm not sure which," a masculine shopper told a woman clerk in a local department store. "Can you help me out?"

"It all depends," said the woman, "what kind of a chicken you want to put into it."

"Have you ever been in the midst of telling a story of short length, not one long enough to bore the listener, and have your supposed listener suddenly burst in with an 'excuse me a minute' and then give an order to a servant or make a remark to someone else in the household? I know there are times when this is necessary but when it's done too often, one gets the suspicion that the time of departure is drawing near. I have a friend who has this habit. Don't you think it is unfortunate?"—Rebecca S.

Answer: Yes, not only unfortunate but most reprehensible. I know exactly what you mean. It happens to me often. The culprits are usually people who are so fond of the sound of their own voices that they cannot concentrate on what anyone else has to say. The best curative treatment is for you to remain silent after the interruption has ended and to state, if then pressed to continue, "Oh I have forgotten now what I was saying."

Then, if the offender starts upon one of the monologues characteristic of her kind, you should suddenly rise and depart before she will have had time to reach her peroration. This particular type of social offender can only be corrected by such an abrupt reprisal. There are certain social devils who must be fought with their own fire.

Question: I am soon to marry a naval officer. I know how a civilian wedding is carried out but I am not posted on military weddings. Can you advise me?—Formal Bride.

Answer: Military weddings are carried out in the same way as are civilian formal weddings with the following exceptions: At a naval or military officer's wedding, the bridegroom wears his full-dress uniform. Usually, he selects his ushers from among his former classmates or chooses fellow officers who are particular friends of his. They all wear full-dress uniforms. After the ceremony, the officers precede the bride and groom to the church steps and dividing into two lines—one guard of honor at each side—they raise their swords and cross them over the passage to form an archway of steel under which the bride and groom proceed to the waiting automobiles. The swords are not raised until the bride appears at the church door.

Question: When should the bride leave her reception to change to traveling clothes, prior to driving for her wedding trip?—Dot.

Answer: She may leave as soon as she pleases after refreshments have been served.

Question: I need to launder an elephant. This, of course, includes everything leaving the elephant as good as new.

Young Bride: "I guess I have everything I need to make a cake."

Grocer: "Don't you want some baking powder?"

Young Bride: "Oh, no, I have a gas stove!"

Tomorrow—Possessive Mothers.

We start to scan the headlines, and together we exclaim:  
"My gosh! This paper's terrible; Day in—day out—the same!"

We're sick of reading all about huge airplanes which crash; Those long accounts of wars abroad; And cars which go ka-smash!

We know some murdered blonde will be on that front page each day; With sit-down strikes, the C.I.O. And unemployed survey.

Ah, yes, we blame the newspapers. Complain and kick about 'em. But wouldn't it be terrible To have to do without 'em?

Now actors in Hollywood are ordered to make their kisses shorter. The kissing scenes do look a lot like wrestling matches.

The scarce firewater in Europe now is gasoline. There has been no complaint about the shortage of the other kind.

France has the most liberal divorce laws in the world. Hereafter the claim for mental cruelty will not be allowed. Anyhow, the real reasons for many divorces are never mentioned in the suits.

Racketeering in this country is a great evil and it could be stopped if the right people tried to stop it. Too much politics.

Grandma Tellem says: Nothing disturbs a woman's poise like avoirdupois.

"My husband's devotion is unique," said the young bride.

"I suppose," smiled her mother, "you mean he eats your cooking?"

"No, only that," replied her daughter, "but he refuses to let me eat it!"

"A baby, ma-am," replied William brightly.

The teacher thought it over and while it wasn't the answer given in the book had to admit that William was right anyhow.

Making a law that will compel a voter to have a tax receipt before he can vote would be a hard job. Too many people who vote never pay any taxes.

A man went to sleep in a barber's chair the other day. While snoozing the barber gave him a manicure. The customer refused to pay for it. We say he was right. When a man gets a manicure, he pays for what he looks at.

Debate Best Type Of Service Pistol  
Clash Is Over Automatic Or Revolver  
Calibre Also Cause Of Some Dissension

By CHARLES P. STEWART  
Central Press Columnist

WASHINGTON, April 17.—A controversy on at the war department over the best type and caliber of holster gun to provide our army officers with. The doughboys ordinarily don't carry that sort of weapon. Their shooting's done from the shoulder. Officers, however, usually tote a side arm. Occasionally, in a trench fight, for instance, it's useful. Naval officers' requirements don't matter so much. They do their scrapping at long range, from turrets, with cannon. An aviator, though, forced to land, and particularly a parachutist, deliberately dropped overboard into enemy territory, may find a pistol extremely handy.

One school of thought favors an old-fashioned revolver. Another school's for the up-to-date automatic.

Then there's the question of caliber. Some military men want .45's, argue that .38's are just as effective, more manageable and lighter to transport, dangling on the hip conveniently.

The war department ought to consult an expert. For years my father was a firearms salesman. A man of peace, he never shot anybody, but he understood all sorts of guns' peculiarities and possibilities. With him as an instructor I practically put my eye teeth on the barrel of a six-shooter.

Okay, if I can get the department to listen to me, an old-time revolver is more dependable than an automatic. Parenthetically I may say that newspaper references to an "automatic revolver" make me tired. In a certain sense a revolver is automatic, in that its cylinder revolves when the hammer's lifted. But when a news writer speaks of an automatic revolver that isn't what he means; he means a pump-action automatic. When it's fired the recoil automatically ejects the empty shell and lifts another cartridge out of a clip in the butt into barrel. No revolution is involved in the transaction. An automatic is an automatic pistol but it isn't a revolver. A revolver is a revolving pistol.

Revolver More Reliable  
Well, an automatic's mechanism, being more complicated than a revolver's, is more liable than a revolver's to get out of order—to jam at an inopportune moment, perhaps very embarrassingly.

We arrive now at the question of caliber.

When a guy is coming at you with a knife in his eye, your first essential is to knock him cold. To accomplish that, you need impact and you get a maximum of it out of a .

### Facts Should Be Faced

WASHINGTON, April 17. WITH the war going badly, in the Atlantic, in the Balkans and in Africa, for the side to which we are committed, the question of our course becomes increasingly pressing—and our position increasingly uncomfortable. Very clearly we have got to do one thing or the other—quit or go forward; shut up or act.

CERTAINLY the time has arrived when either we have got to stop encouraging other nations to make the "fight for freedom" or contribute more than we have done or are doing to that fight. We gave, through the President personally and various state department spokesmen, direct encouragement to Yugoslavia and to Greece. The revolution by which the former ousted the leaders who had sold out to Hitler was officially applauded in this country and the new government was assured that aid would be forthcoming from the United States, though in what form was unspecified.

BUT we did declare, in so many words to Yugoslavia and to Greece, that "this government, with its policy of helping those who are defending themselves against would-be conquerors, is now proceeding to send as speedily as possible military and other supplies to Yugoslavia."

Unquestionably that promise stiffened the resolution of the Yugoslavians and put new courage into the Greeks. Yet it is a promise which we are not fulfilling and which we cannot fulfill. The reason is that while part of our neutrality law has been repealed, the part still in the books unequivocally prohibits any American vessel from entering the war zone.

WADLINGER-SHIBLER  
WEDDING AT TRINITY

Trinity Episcopal church was the scene of a pretty wedding on Wednesday, April 16, when Rev. Charles J. Burton, rector of St. Andrew's Episcopal church, united in marriage Miss Pearl Wadlinger, daughter of Mr. and Mrs. Frank R. Wadlinger, and Wilbur G. Shibler, son of Mr. and Mrs. William Shibler.

The vows were exchanged at high noon before an assemblage of guests numbering upwards of a hundred, the impressive single ring service being used.

Given in marriage by her father, the bride was lovely in a pouf blue redingote with black accessories, and a shoulder corsage of red rosebuds. Mrs. Wallace C. Shibler of Akron, O., who attended the bride, was attired in a lime green ensemble, with accompaniments in saddle tan and sand brown. Frank Wadlinger, Jr., brother of the bride, served as best man, while Wallace Shibler of Akron, O. brother of the groom ushered. Little Martha Lee Shibler, also of Akron, and niece of the bridegroom, was flower girl. She wore a white tulle dress with a bonnet shaped hat and carried a basket of yellow jonquils.

Miss Dorothy Harlan of Harlansburg contributed a program of appropriate nuptial selections on the church organ.

Immediately following, a reception was held at the home of the bride's parents, and later the newlyweds departed on a trip west. They will be home to friends in their apartment on Miller avenue upon returning here.

Included in the out of town guests were Mr. and Mrs. George S. Hamant of Clarksburg, W. Va.; Will Simpson, Mr. and Mrs. Howard Simpson and daughter Laura Rose and Mr. and Mrs. Springer Simpson, all of Akron, O., and William C. Simpson of Bogota, N. J.

GOLDEN WEDDING AT  
WURTEMBERG RESIDENCE

Mr. and Mrs. E. P. Workley of Wurtemberg were hosts and guests of honor on Tuesday when they received over a hundred friends, relatives and neighbors at their residence, who gathered to help celebrate their golden wedding anniversary. The hours from two until four o'clock in the afternoon, and seven until 10 in the evening, were observed.

A highlight of the day was a family dinner served at six o'clock, with the honored couple's children, grand children and great-grandchildren participating. All were present with the exception of a granddaughter, Mrs. Thomas Bosley, and daughter of Savannah, Tenn., and Dale Workley of Baltimore, Md., who were unable to make the trip.

An abundance of flowers decorated the rooms throughout, all gifts of admiring friends, and on display was a collection of beautiful remembrances appropriate to the happy occasion. In addition, they received an array of cards and other messages conveying congratulations to both Mr. and Mrs. Workley, making the day most complete.

This celebration will go down in the Workley family books as a happy and memorable occasion.

Make house-cleaning EASIER

Try this proved work-saving recipe

For best house cleaning results:

1. Sprinkle 1 teaspoonful Climalene (2 for extra heavy cleaning) in a gallon of warm water.
2. Wash, then wipe with a damp cloth.

Climalene cleans by dissolving grease to which dirt and stains cling. Cleans woodwork, floors, tiling and painted walls to a fresh brightness. Doesn't scratch, leaves no film.

Save work and time—use Climalene for everyday cleanup jobs and for general house cleaning.

# Report Suez Canal Port Of Ismalia, Suggested For U. S. Ships, Is Mined

By KINGSHURY SMITH  
International News Service Staff  
Correspondent

WASHINGTON, April 17.—The Suez Canal Port of Ismalia, to which President Roosevelt recently indicated American ships might carry war supplies for the British forces in the Mediterranean area, has been heavily mined by German warplanes, it was learned today.

Diplomatic advisers reaching the American government indicate the approaches to that Egyptian port at the southern end of the Suez Canal have been so thoroughly mined that it will be impossible for American vessels to make Ismalia the terminus for supplies.

The floating mines have been laid by German planes, many of which operated during the night and thus escaped the Royal Air Force units which patrol the Suez Canal area during the day.

President Roosevelt, in announcing last week his decision to authorize American ships to carry war supplies to the Red Sea area, mentioned Ismalia as the likely port of discharge for the cargoes. He pointed out that a railroad line connected Ismalia with Cairo and Alexandria, and that the supplies could be shipped overland from that port.

May Not Be Practical.  
Authoritative quarters now believe it will not be practical nor safe to attempt to ship the supplies beyond the Red Sea. There are ports along the African side of the Red Sea at which the cargoes could be unloaded quickly and transported overland by rail to Cairo.

Meanwhile, speculation was rife in Washington as to what President Roosevelt meant by the statement at his latest press conference that the United States government was obliged by law to protect American merchant ships on the high seas, providing they are not travelling through combat zone areas in violation of this country's domestic laws.

Under international law, belligerent powers have the right to stop and search any neutral vessel suspected of carrying contraband. Thus, a German sea raider or submarine would have the right under international law to stop and search any American ship carrying supplies to the Red Sea. If the American vessel was carrying contraband, it could be seized.

Sink On Sight.  
However, German submarines have been sinking on sight and without warning ships suspected of carrying supplies to Great Britain. This constitutes virtually un-

## Says Ireland Will Combat Port Seizures

(International News Service)

BOSTON, April 17.—Should either England or Germany attempt to take over Irish ports she would declare war, General Frank Aiken, Eire minister of defense, asserted today.

Eire means to carry on her own business in her own way, the general indicated.

"There is no possibility that England will get bases or Germany either," he said. "Any attempt by either side to take over Irish ports would cause Ireland to declare war. There have been no official overtures from either and I can see no advantage to either side of having such bases."

## News And Views From Pennsylvania Capital

(International News Service)

HARRISBURG, April 17.—The possibility that Pennsylvania's two senators may find themselves opposing each other in the 1942 gubernatorial election is intriguing political-minded observers. R. H. Bailly, secretary to Sen. Joseph F. Guffey, recently told a Democratic group that the junior senator intended to run for governor. On the other hand, Senior Senator James J. Davis is known to covet the Republican nomination and it has been generally felt in Republican circles that he would be a candidate.

If Guffey seriously enters the Democratic race for governor he threatens to place the Democratic party in another unenviable position, with the alternatives of either backing Guffey, whom many Democratic leaders dislike, or throwing the party into another knockdown battle in the primary. Democratic leaders feel they have better than a 50-50 chance of sweeping the governorship and legislature next year if they can unite behind a strong candidate. They know primary fight may endanger their chances of success, as it did in 1938.

There is interest also on Capitol Hill in next year's race for the supreme court post to be vacated by Chief Justice William I. Schaffer, who will complete his 21-year term in January 1943. Under the constitution, he is ineligible to succeed

himself. Half a dozen Democratic candidates are already in sight. The most prominent so far is Cambria County's Judge John H. McCann, a Guffey supporter.

One of the most eligible men for the army among prominent Pennsylvania Republicans is Frank C. Hilton, of Wyomissing, chairman of the young Republicans. . . . Hilton said he was ready anytime, but his number is in the 2900's. Consequently, he added, he did not expect a call "for a year at least."

"Either the war will be over by that time," he commented, "or we'll be in it right."

A Tamaqua barber and a Philadelphia lawyer, both Democrats, hold the record so far for the number of bills introduced in the legislature. . . . The champion in the House is Rep. J. Noble Hirsch, of Schuylkill, while in the Senate it is Sen. Israel Stiefel, of Philadelphia.

## LOCAL MAN'S FATHER DIES IN PITTSBURGH

Albert Gilbert McKenzie, aged 77, of R. D. Mercer, died in Mercy hospital, Pittsburgh, on Tuesday evening. He was the father of Earl McKenzie, Boyles avenue, this city. Funeral services will be conducted Friday afternoon at 2 o'clock from the Anderson funeral home, Beaver, followed by interment in Beaver cemetery.

## Tactics Of Nazi Military Machine Are Being Studied

(International News Service)

INDIANTOWN GAP, Pa., April 17.—Engineering units of the 28th division, under the command of Col. H. W. Anderson, Altoona, today studied and practiced the tactics of the swift-moving Nazi military machine.

Specialists within the 103rd engineers include map makers, surveyors, lithographers, tractor operators, machinists and explosive experts. Their equipment is valued conservatively at \$1,500,000.

Col. Anderson pointed out that the engineers have one portable, steel-truss bridge, similar to those used by the Germans to transport troops across rivers where retreat-retreating armies have dynamited the original structures.

## School Insurance Plan Readjusted

Report Is Submitted To Board  
Of Survey Made By Insurance Experts

Following a discussion of over an hour with Q. A. McBride, Wednesday night, the New Castle school board readjusted the insurance on the school buildings of the system, added slightly to the total, and included an extended coverage clause on all policies.

In the past few weeks Mr. McBride's company has had two insurance experts, one a rating engineer, inspecting the properties and Wednesday night submitted a list showing what amounts should be carried on each building. The list showed a reduction in some cases and an increase in others.

The insurance which has been in force totalled \$2,591,700 on a valuation of \$3,229,000. The new total

of insurance will be \$2,639,200, an increase of \$47,500.

The extended coverage clause will add 11 cents per thousand dollars worth of insurance to a rate of \$3.35 which has been existent. This rate covers a period of three years.

Under the terms of the extended coverage the buildings are insured against tornado, windstorm, riot and civil commotion, almost every possible damage conceivable.

Thank Heaven our war is still on order, too.

# Film Co. Heads Found Guilty Of Evasion Of Tax

Joseph M. Schenck And Joseph H. Moskowitz Face Heavy Penalties

(International News Service) NEW YORK, April 17.—Joseph M. Schenck, 58-year-old multi-millionaire chairman of the 20th Century-Fox Film corporation, and Joseph H. Moskowitz, eastern representative of the film company, were found guilty on charges of income tax evasion by a federal court jury today.

Schenck, one of the founders of the motion picture industry, was found guilty of charges of tax evasion in his returns for 1935 and 1936, and faces a possible maximum sentence of 10 years imprisonment and \$20,000 fine for both counts.

Moskowitz was found guilty of tax evasion for 1936 and faces a five year sentence and \$10,000 fine. He was not charged with any violation for the year 1935. Both Schenck and Moskowitz were found not guilty of charges involving the year 1937.

The jury, which deliberated for 10 hours before returning their verdict at 2:30 a. m., this morning, found the two executives not guilty on a fourth indictment charging conspiracy.

Judge Grover M. Moskowitz set April 24 as the date he will impose sentence and entertain motions. Schenck, who was in the courtroom when the jury of 10 men and two women returned the verdict, showed no visible signs of emotion when the findings were read.

The jury, which obtained the case after six weeks of testimony, found Schenck, who paid income taxes of \$52,509.86 in 1935, should have paid \$242,005.17, a difference of \$189,495.31. The jurors also found Schenck and Moskowitz guilty of defrauding the government of \$64,197.31 in 1936, the year in which Schenck paid a \$257,636.85 income tax.

# New Airport For State College Is Being Talked About

(International News Service) HARRISBURG, April 17.—A large civil or military airport may be built at State college with the co-operation of the federal government if a bill introduced in the House is enacted by the legislature.

Sponsored by Representative Carlton T. Woodring, (D., Northampton), the measure would appropriate \$300,000 to the board of trustees of Pennsylvania State college. Of this amount, \$200,000 would be used by the college authorities for the purchase of land and the construction of an airport in connection with the government. The proposed airport would be open to civil or military planes.

The remaining \$100,000 would be employed by the college for instruction and research in aeronautical engineering.

The measure was to be committed today to the House appropriations committee for study.

# Highland Church Annual Meeting

Reports Are Made Of Church Work—Officers Named For Coming Year

The annual congregational dinner meeting of the Highland U. P. church was held Wednesday evening at the church, with the 60 new members sharing as special guests.

After the group arrived at 6:30 o'clock, a delicious menu was served at attractively appointed tables by Unit 3 of the Naomi Circle, with Mrs. Harry McPeaters, Mrs. H. L. Marvin, and Mrs. R. L. Mann in charge.

In the evening at 8 o'clock the annual business meeting was held with Dr. D. L. Ferguson acting as moderator, and with Irvine Balph as clerk of session. J. Edward Rumbaugh, John Wallace and Robert A. Eckles were re-elected to the session, and Harold McCulloch was elected to fill the place of W. D. Jones, who has moved to Pittsburgh. Three deacons were elected and they are: Russell Tait, Henry Brenneman and Thelma Meerlees.

Robert L. Wallace served as chairman of the business meeting, with W. L. Clark as secretary. E. L. Thompson and John Haven were re-elected as trustees, and Leonard Kisthart was re-elected to the music committee, representing the congregation.

Dr. D. L. Ferguson, pastor, reported a most successful year for the congregation, spiritually and financially, and told the group that the church now has the most active membership in the history of the congregation.

The following reports were given by the active organizations of the

# Journalism Day Will Be Observed

High School Editors To Gather At Westminster—Harris To Speak

CHARLES HARRIS

NEW WILMINGTON, April 17.—Charles Harris, middle Atlantic director of the American Youth Hostel system, will be the main speaker at Westminster college's second annual Journalism Day Saturday, April 19, when approximately 50 sponsors and high school editors will attend the journalism sessions.

Mr. Harris, an advocate of youth hiking and cycling throughout the United States, stopping overnight at various of the 300 youth hostels established from coast to coast, will speak on "Youth Hostelling in America," and present sound-films in color of the hostel movement.

The hostel lecture is scheduled for 7:45 in the Little Theatre.

**Sixteen Teams In State Debate Finals**

Principal F. L. Orth To Preside At Final Sessions On Saturday

F. L. Orth, principal of the New Castle Senior High school, will preside at the final state debate of the Pennsylvania Forensic and Music league on Saturday, April 19, in the Washington Junior High school, New Castle.

On March 29 the respective counties of the state determined the winning debate teams entitled to participate in eight district tournaments held at Pittsburgh, Slippery Rock, Clarion, Mechanicsburg, Bloomsburg, Northampton, State College and Norristown. The eight winning schools in the districts of the league qualified to enter the final state tournament at New Castle on April 18. These schools are: Sharon, McKeesport, Tidoute, Selinsgrove, Hanover, Kingston, Tamaqua and Norristown.

The 16 teams from the eight schools (affirmative and negative) will participate in four rounds in the Washington Junior High school. On Saturday morning the two winning teams in the preliminaries will enter the final state debate at which Mr. Orth will preside.

During 1940-41 the high schools in Pennsylvania have been using the National University Extension debate question which most of the high schools throughout the nation are

using also. The exact wording of the proposition is: Resolved, That the Power of the Federal Government Should Be Increased.

Judges for the state tournament include varsity debate coaches from the University of Pittsburgh, Kent State university, Slippery Rock State Teachers college and Geneva, Allegheny, Westminster, Mt. Mercy and Grove City colleges.

# Institute Begins This Evening At Second U. P. Church

Six Courses To Be Presented For Adults And Young People In Two Districts

This evening at 7:45 o'clock in the Second U. P. church, the Beaver Valley Young People's Institute will have the first in a series of six meetings. Courses will be presented for six consecutive Thursday evenings, and are open to all adults and young people in the New Castle-Bellwood City districts.

Five courses are being offered, as follows: "Modern Moral Menaces," Dr. J. Ralph Neale, New Wilmington; "Missionary Progress," Rev. W. B. Jamison, New Wilmington; "Solving Marriage Problems," Rev. J. Calvin Rose, New Castle; "Music in the Church," Robert A. Duff, New Castle; "Preparation and Delivery of Orations," Rev. James Seaman, Beaver Falls.

Similar courses were conducted last year in this church, and due to the great interest with which they were met, the school is being conducted again this year.

## Memorial Day Group To Meet

Arrangements For Coming Observance Will Be Made Friday Evening

COMMITTEES TO BE APPOINTED

Arrangements for the coming observance of Memorial Day here by the veterans' organizations of the city, will be gotten under way on Friday evening, when committees will be named by Chairman C. E. Brown, and plans for the celebration will be talked over.

This will be the first year that no Civil War veteran will be alive to attend the celebration, and the memory of the faithful old hand which attended the celebrations during the past few years will be kept green by the succeeding generations, and the sons and daughters of the Civil War vets. Members of the local National Guard unit will also be absent this year, the men being away in training camp.

It is expected that the celebration will be patterned around the usual custom of a meeting in one of the local theaters, followed by services at the soldiers' plot in Greenwood cemetery.

All veterans organizations are asked to send representatives to this meeting.

## Three Navy Fliers Killed In Crash

(International News Service) SAN DIEGO, Calif., April 17.—Three U. S. Navy airmen were killed instantly Wednesday when a torpedo bombing plane from the U. S. S. Enterprise, a new carrier, crashed into San Diego Bay.

The dead: Ensign Edgar Bruce Rowley, Long Beach, Calif. pilot; Harry Joseph Roy, seaman first class, Mansuria, La.; William Lincoln Rose, radioman second class,

San Diego. Their bodies were recovered.

The bomber took off from the North Island naval air station in a regular formation flight with two other planes. When only 200 feet off the ground, the ship turned nose down and plunged into the bay. Observers said one of the wings seemed to collapse.

MAN INJURED WHILE WORKING AT ARMORY

Michael Gierling of R. F. D. No. 4 suffered injuries to his right foot when a scaffolding on which he was working at the Armory collapsed, hurling him to the ground. He was

able to leave the Jameson Memorial hospital, where he was taken for treatment, after an examination.

Fifty million cases of canned fruit is the annual output of U. C. canners, census bureau records reveal. Peaches lead with over 12 million cases.

### Dr. Dafoe's Column On The Quintuplets And The Care Of Your Children

(Copyright, 1941, King Features Syndicate, Inc.)

AGES 1 TO 5. TASTE-EVERY-THING PERIOD IN CHILD'S LIFE. BRINGS POISON TRAGEDIES

The head of a hospital told me that an average of once a week a child is brought into the institution suffering from poisoning. The majority of the children are under five years old. This hospital's case record is not exceptional—you find this shocking number of child victims of adult carelessness multiplied all over the country.

Aside from pointing out that it is natural for babies to put things in their mouths, no one has ever been able to offer an explanation of why a child will eat a quantity of moth balls, or a couple of cakes of soap, or half a can of lye, or drink a bottle of turpentine, or a bottle of vile-smelling, evil-tasting liniment. But we know that they will do these things, so it is up to adults to see that nothing is left within their reach that can harm them.

The poisons most often taken by children are medicines, due, I suppose, to the fact they are more often kept in the home in places where baby can get at them. Occasionally they are given to a child by mistake but more often they are carelessly left lying around within baby's reach.

Sugar-coated laxatives containing strychnine are a common cause of poisoning. Perhaps a dose for an adult would be one or two such pills. Baby gets the box and eats half a dozen or more. Aspirin tablets are a frequent cause of infant poisoning—as are yeast tablets, thyroid tablets, potassium permanganate pills.

Any pills containing a dangerous drug and covered with a sugar coating are a source of danger in a home where there are children. Keep this in mind.

Sleeping pills carelessly left on a night table have been picked up and eaten by children with tragic effects. Sweet cough syrups containing sedatives are sometimes drunk in large quantities when mother's back is turned. One little fifteen-month-old boy found a bottle of white liniment his father was using to rub on a sore leg. He drank the bottle, apparently thinking that because it was white, it was milk. There doesn't seem to be any liquid that a child won't taste or drink—boracic acid solution, iodine, alcohol, argyrol, camphorated oil, oil of wintergreen, turpentine, gasoline, bleaching solution, formaldehyde, insecticide, shoe polish and brass polish are some of the things that have brought children to one hospital for treatment. Judging by its records, one to five seems to be the taste-anything-and-everything age in children.

You'd think that any mother would read the label of a bottle before giving any of the contents to her baby. Yet in one recent case, a mother gave a child iodine in mistake for cascara. Another dropped iodine in baby's eyes instead of argyrol.

One simple precaution can save adults from being the unwitting causes of many tragedies. A package of stout red tags, with strings attached, can be bought at any stationery store. One of these can be tied to the handle or neck of any container of a poisonous substance. It will be a reminder to anybody using it, or anybody seeing it lying where baby can get at it, to put it in a safe place. It'll also be a warning to adults to handle it carefully themselves.

Since 1938, Oregon has been the nation's biggest lumber-producing state, taking the lead from Washington which had ranked at the top since 1905, according to the census.

The case of Julian Kaczmarczyk against the City of New Castle went into its second day Wednesday before Judge W. Walter Brabant with the likelihood that it would be finished before noon today.

Kaczmarczyk is suing the city for the loss of his left leg which had to be amputated following injuries received on West Grant street in May, 1940, when a city truck hit him.

At the time of the accident the truck of the plaintiff was parked and he was unloading bread from his bakery truck. The city truck driven by Charles Nolan drove into him it is averred.

Court opened in court room number two Wednesday morning with Judge Charles H. Matthews, Jr., on the bench.

### KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be over-worked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

### DAILY DOZEN

(From the Medical Society of the State of Pennsylvania)

More than 2,000 eyes are lost in industrial accidents each year.

Of all industrial accidents in the U. S., 10 per cent concern the eye. Eye injuries cost employer and employee \$50,000,000 annually.

These eye accidents are said to be preventable and inexcusable.

A high percentage of eye injuries occurs in small shops.

Many eye injuries happen on jobs where only a few men are employed. Large industrial concerns engage safety directors.

One large industry spent \$25,000 in two years on a safety program.

The saving to this concern on eye accidents alone was \$116,000.

Occupational hazards cause 15 per cent of the nation's blindness. Goggles are the most important and best means of eye protection. Employees should be educated to the use of goggles.

# Press Used By News Many Years Ago Gives Up Ghost

Cylinder Flatbed Sold To  
Lanesville Herald Over Fifty  
Years Ago Finally  
Wears Out

Newspaper presses seemingly don't wear out. They just become obsolete. This was revealed this week, when the Lanesville Herald discarded an old "Country" Campbell cylinder flatbed press that was purchased from the New Castle News in 1884, just fifty-six years ago, and which the owner Harold D. Lowing, states was still serviceable but was not speedy enough to turn out the work demanded of it.

The old press has been installed a two-revolution, front delivery press, turning out a tabloid-size paper five columns in width. The Lanesville Herald Publishing Company also publishes the Crawford Farm Journal, edited by Harold D. Lowing and his son, Larry Lowing, who is employed on the Titusville Herald, and who is the fourth generation of Lowings in the newspaper business in Crawford county.

The old press was purchased from The News by the founder of the Lanesville Herald, Rev. Henry D. Lowing. It had been bought by The News in 1880. In 1880, a fire razed the Herald building, along with other Lanesville structures, warped the form bed of the press in addition to which a chimney fell on it but it still continued to give good service.

It was designed for manual or steam-drive. In the early days, a husky Lanesville youth turned the crank, but later, a steam boat engine was installed, to be succeeded by an electric motor.

The press outlived two generations, the founder Rev. Lowing and his son, Samuel W. Lowing, who died a year ago. A grandson, Harold D. Lowing is now the publisher, whose son, Larry, is also in the profession.

Fred L. Rentz, president of The News Company, was a budding young printer on The News, in those days, having started to work as printer's devil in 1882, and well recalls the old press, because he did a lot of the manual labor necessary to turning out the paper on it. He also recalls when it was sold to the Lanesville paper.

Mr. Rentz has lived to see three generations of the Rentz family engaged in the publication of The News, having been more richly blessed than the Lowing family, as all are still on The News here.

There are two reasons for the high price of silk. Cargo space is needed for other things, and isn't it easy to gouge people now?

## Elks Essay Contest Winners Announced At Lovely Banquet

First Place Awards Go To Joseph Connell, Harriet Danner, Donald Kelly

ELLWOOD CITY, April 17.—Sixteen cash prizes totalling one hundred dollars were presented to high school students of Ellwood City, Wampum and Zelienople schools by the Ellwood City Elks club at a most enjoyable dinner held last night at the Crescent avenue home.

The lucky recipients of the sizable awards were the winners of the essay contest conducted by the Elks lodge as a part of the Elks National Defense commission. The first place essays will now be forwarded to the state contest, the winners of which will be entered in the national contest.

Joseph H. Connell, Ellwood City, won the first prize of \$35; the second prize of \$25 went to Miss Harriet Danner, Ellwood; and the third prize of \$15 to Donald Kelly, of Wampum.

Other prize winners receiving \$2.50 and \$1 were: Lillian Hainberger, Shirley Struchen and Duwayne Goodwin, Wampum; Elide Tomel and Betty Dolter, Ellwood; Betty Milliron, Travis Bingham, Wampum; Ruth Gaertner and Herbert Iselt, Zelienople; and Louise Denniston, Josephine Nedsky, Dora Graff and Elva Hall, Zelienople.

Winners were not announced until the banquet hour and the three first prize winners read their essays. The contest was made mandatory at Wampum high school and because of the activity created there, an interested anonymous member of the Ellwood Elks club gave the first place winner of the Wampum contest \$5.

The themes written on the subject, "What Uncle Sam Means To Me," were judged by J. Ellis Bell, superintendent of Ellwood schools; Ronald Clouse, superintendent of Zelienople schools; and I. E. Holmes, superintendent of Wampum schools. The themes were judged by numbers only.

Last evening the contestants committee, teachers who aided with the contests, judges and reporters were feted at a gala banquet at the Elks club by the committee.

A most delicious steak and mushroom dinner was served to about fifty guests under club supervision. The tables arranged in an E form, representing Elks, were very attractively decorated with patriotic colors. The speaker's table was centered with the words, "God Bless America," in red, white and blue colors and the favors were pencils in patriotic colors tied with matching ribbons. Low bowls of vari-colored sweet peas and carnations accented with red, white and blue candles completed the lovely decorations.

Paul J. Cartwright, general chairman of the contest, presided at the event with the invocation being offered by Rev. W. E. Minter, of the U. P. church.

Mr. Cartwright introduced Burgess William McGilney, Joseph J. Eckert, exalted ruler of the Elks lodge; J. Ellis Bell, E. I. Holmes and Ronald Clouse, judges; Dr. H. E. Helling and Dr. A. M. Gigliotti, of the board of education; Butler Henon, of Wampum; D. E. Cain, head of selective service Board One. Regrets from R. J. Schill were read.

All in all, the affair was a completely enjoyable one. The dinner was delicious, the decorations were lovely and there were no speeches.

A great deal of credit is due Paul J. Cartwright and L. Bruce Myers who worked tirelessly to make the event the fine success that it was with the full cooperation of the lodge. Other members of the committee were: Ray H. Aylesworth, Clyde D. Badger, William C. Brophy, D. E. Cain, Carl Davidson, Michael Edelman, J. J. Eckert, Drs. Gigliotti and Helling, Robert W. Hodgson, William McGilney, William C. Morrison, R. A. Nagel and Ernest B. Ritchie. Pictures of the group for the lodge magazine and the prize winners were taken by Mr. Ritchie.

ELLWOOD W. C. T. U. ELLWOOD CITY, April 17.—On Friday afternoon, at 2 o'clock, the Ellwood W. C. T. U. will meet at the home of Mrs. William Snowden, 212 Foch street. Mrs. J. P. Moyer will be the leader.

FILM RELIGIOUS SOLDIERS (International News Service) LANGLEY FIELD, Va.—Army officials took pictures of soldiers going to church recently so that the folks at home would know they were being just as dutiful as civilians on Sunday. At Langley Field, Va., the Army air base, movies were taken of the troops attending church and the films will be used by the chaplain Charles L. Carpenter, when he lectures before civilian audiences.

Apparently many soldiers wanted to have their pictures taken, as more than usual attended the "movie" services.

There was a considerable increase in farm tenancy in North and South Dakota, Nebraska, Kansas, and Colorado during the last decade according to the census.

Here are the tallest, the smallest and the next to the tallest of the boys at the U. S. Army Air Corps, Kelly Field, Texas. Left, James B. ## Many Students Will Aid In Convention

The statewide contests of the Pennsylvania Music and Forensic League here on Friday and Saturday are a valuable education project, over and above their significance for music and the speech arts. Between 300 and 400 students are getting a practical lesson in cooperation and effective organization. Their services have been enlisted and freely given in preparation for and administration of the 57 events of the contests. These students come from our various high schools though they are chiefly from the senior high school, since these boys and girls are older and better able to assume the considerable responsibility involved.

First, there is the group of ushers. A student is assigned to every door to a room where a contest is in progress. In the case of the auditoriums, this means in some cases as many as ten students for a single contest. This service is necessary to make sure that each person in the audience has an admission button, and to keep people from entering the contest room while a number is in progress.

Again, within the contest room, there is a time-keeper for the contest, and also a messenger or perhaps two for the chairman or judge. The messenger relays the judges' ballots to headquarters at the high school, where the results are posted at once on a general bulletin board by an art student. He knows his lettering. At each contest, the judge will have a trained stenographer who will take his notes in shorthand. These notes upon which the judge bases his decision will then be transcribed by the student-stenographer in the stenographers' room at the senior high school and filed for reference. These records are open to the public and are consulted by those interested. There are 12 of these stenographers and they have been intensively trained by teachers in the commercial department of the senior high school, so that they are familiar with the many musical terms that the judges will use in discussing contestants.

Other students have been preparing the signs which will mark the contest rooms in the various buildings. This is the work of art students. Besides, there have been prepared directional signs for the host of strangers who must make their way about the city in search of the seven contest centers. Under faculty direction, still other students are putting these in place this afternoon.

Finally, Paul Rowland, Jr., a student at the senior high school and a scout, heads a committee composed of the scouts of his own troop. Several of these scouts will be on duty all the time to meet buses and cars as they come to headquarters at the senior high school, help them to park, and direct them further when necessary.

A fleet of seven cars, chauffeured by high school students for the most part, will be at the disposal of judges and of contest-scheduled for conflicting events.

Upwards of 150 high school teachers and staff members will be on duty as supervisors all day Friday and Saturday.

Young ladies don't enjoy knitting as older ones do. With both hands occupied, they can't keep pulling a skirt hem over their knees.

## Clothing Sought For British Aid

British War Relief Society  
Unit Here Launches  
Spring Campaign

With the completion of the drive for the second mobile kitchen by the Lawrence County Unit of the British War Relief Society, the local organization is now launching a spring campaign to meet the needs which may at the moment be greatest. In addition to the urgent need of funds for the purchase of hospital equipment, children's clothing, air raid shelter equipment, and the maintenance of mobile kitchens, an urgent call has been received for overcoats.

Millions of Americans are, at this time of the year, changing from heavy overcoats to lighter ones. Many will not use these overcoats again. These are however greatly needed by the civilian defenders of Britain such as fire fighters, air raid wardens, first aid squads, demolition workers and many others who must spend their days and nights outdoors in a chilly climate, and many of whom have lost their clothing and other possessions. Letters reaching America from these defense volunteers are filled with gratitude to those who have already given their spare coats. They have kept thousands of heroic civilian fighters warm.

The Lawrence County Unit has been praised by the regional headquarters at Pittsburgh for the quality and condition of clothing that has already been sent to Britain. Naturally they are anxious to maintain this reputation, so they ask that those who donate clothing assist by giving things which are warm, practical and in wearable condition. The headquarters of the Lawrence County Unit is now located at Room 307 in the Lawrence Savings and Trust Building where contributions and donations of clothing may be left. In New Wilmington, donations or clothing may be left at the United Presbyterian church.

The next regular bi-monthly meeting of the local unit will be held at the First Congregational church, East Reynolds street, next Friday, beginning at 8 o'clock. Following the meeting a new series of films received from Britain will be shown. Members and friends are invited, this will be the only opportunity to see these films, owing to the nation-wide demand for showings of these pictures.

The following additional donations are reported:  
Jewish Junior League of New Castle, \$60.00.  
Ladies Store, Mr. Haines, \$50.00.  
First Presbyterian church, concert, April 6, \$84.56.  
New Castle Typographical Union No. 270, \$5.00.  
Mrs. H. Rosenberg, S. Mercer street, \$20.00.  
Brotherhood of R. R. Trainmen Lodge No. 955, \$10.00.  
Minnie A. Barthel, \$5.00.  
New Wilmington Chapter of Lawrence County Unit, \$27.50.  
Silverman's Economy Shoe, \$7.50.  
College Club, New Castle, \$10.60.

No wonder people disagree. How could a jury agree if part of it listened to only half of the testimony

## NEW CASTLE NEWS

ORATORY?—Looks like some soap-box oratory on the ice in Boston during playoffs between Bruins and Red Wings.

### DiMaggio Slugs Ball Hard, But Yankees Falter

Yanks Drop Second Straight To Lowly Athletics, Indians Dump White Sox

### CARDINALS AGAIN HUMBLE REDLEGS

By PAT ROBINSON  
International News Service Sports Writers  
NEW YORK, April 17.—After hitting a single, two doubles and a home run in a losing cause against the Athletics yesterday, Joe DiMaggio of the Yanks is convinced today there is nothing like being a prospective father to lend inspiration to a hitter.

You see, the DiMaggios are expecting their first Bambino about world series time and Joe would like very much to present Joe—or maybe Josephine—DiMaggio with the batting, home run and runs batted in titles of the American league.

And the way he has been going leads one to believe he might cop all three titles. He had hit in 19 straight exhibition games before the season started and in the three official league games he has played to date the pitchers, as the ball players say, "haven't been able to get him out."

Hits Are Wasted  
Connie Mack, the venerable patriarch of the Athletics, said today he wouldn't be surprised if DiMaggio hit over 375 this year. "He's a remarkable ball player," said Connie.

Still, all Joe's terrific hitting went to waste again because four Yankee pitchers couldn't stop Mr. Mack's surprisingly strong Athletics. Dick Siebert chipped in with a pair of homers and Johnson with another to help Nelson Potter stagger through to a 10-7 victory.

That made two in a row for the A's over the Yanks and led dear old Connie to believe he may move out of the cellar this year, leaving that unwanted berth perhaps to the Senators, who managed to blow another game to the Red Sox. This time the WPA (Washington's poor athletes) went 12 hits before bowing, 8-7. Pitchers came and went in droves and the Sox tied it up in the ninth on homers by Tabor and Doerr.

Minar In Form  
Al Minar of the Indians left-handed the White Sox into a two-hit 6-0 defeat, and the Browns, behind Elmer Auker, swamped Buck Newson and the Tigers 8 to 1. Buck went away from there under a seven-run deluge in the eighth.

The National league continued to supply surprises with the champion Reds again falling victim to the Cardinals, 4-2, and the Dodgers again bowing to the Giants, 3-1.

### HERE AND THERE IN SPORTS LAND

Pittsburgh and Indiana, two of the most consistent winners in recent University of Pennsylvania relay carnivals, April 25-26, will have entries in the meet again this year. Victor Maitland of Pittsburgh won the heavyweight boxing title at Hobart college, Geneva, N. Y. Joe Marry, centerfielder for Class A Phils, has been placed in Class A according to reports from the Quaker City. Johnny Barr, Shemokin, Pa., basketball star at Penn State for the past three years, has been selected as the "outstanding senior athlete" by the varsity coaching staff. During three years on the basketball court he scored 519 points. The American association and International leagues get under way today. Los Angeles has purchased Phil Weintraub, former New York Giant first baseman, from the Minneapolis Millers. Steve Basil, American league umpire, has the flu in Cleveland. Jackie Jones, local player, will probably get a try-out with the Butler Yankees late this month. Bobby Jones, Jr., will make his golf debut May 1-2 at Chattanooga.

George Irwin, McKeesport, who is said to be a better amateur fighter than Billy Garrett, has been scheduled as Sonny Horne's opponent here April 28 when the New Castle General Fire department sponsors a boxing show in The Arena.

Baby Ritorio, now a lightweight, will box Jim Eadie of Vestaburg in one of the bouts on the card being arranged for the Shelby Social club, Ellwood City, April 22. Eadie put up a good fight against Elmer Cortez of Ellwood City recently in that club. John Lucciano is making the matches for the Ellwood City club.

#### CAMPBELL OPTIONED

Paul Campbell has been released by the Boston Red Sox to Montreal of the International league on option. He is a first sacker.

### Name Committees For Church Golf League For Year

League Will Have Banquet April 24, Plan To Start Play On Thursday, May 1

Mont L. Masill, president of the New Castle Church golf league today appointed his various committees to handle the league details for the coming season. The league is planning a spring dinner-meeting next Thursday night, April 24 at 6:30 o'clock at a downtown tea room.

The league season will get under way at the Castle Hills golf course on Thursday night, May 1, with the playing of five matches. There are ten teams in the league this season, the St. Joseph team having dropped out, but the Epworth team has taken its place.

Following are the officers of the league and the committees:

President, Mont L. Masill; vice-president to be named at dinner meeting; secretary, James W. Elder; treasurer, Fred C. Scheppelle; executive committee—W. I. Clark, Dr. T. K. Hess, Jack Waddington, Sam Lewis, Fulton Nagill, T. H. Hitchcock.

Rules and protest committee—Jay Rudolph, Brad MacGonigal, and Larry Perelman. Tournament committee—T. H. Hockman, Dave Astor and E. H. Browning. Banquet committee—T. H. Hitchcock, Newell Kelly, Tommy Jones. Handicap committee—W. I. Clark, James Elder and Mill Pascoe. Finance—Fred Scheppelle and Cliff Young. Arrangements committee—members of executive committee. Activities committee—John Hodge, Dick Hitchcock and Russ Magill. Publicity and schedule committee—Charles "Bugs" Walther.

Golfers are asked to contact their team captains for tickets to the dinner. The captains of the various teams are being supplied with tickets today.

### Softball League Meeting Friday

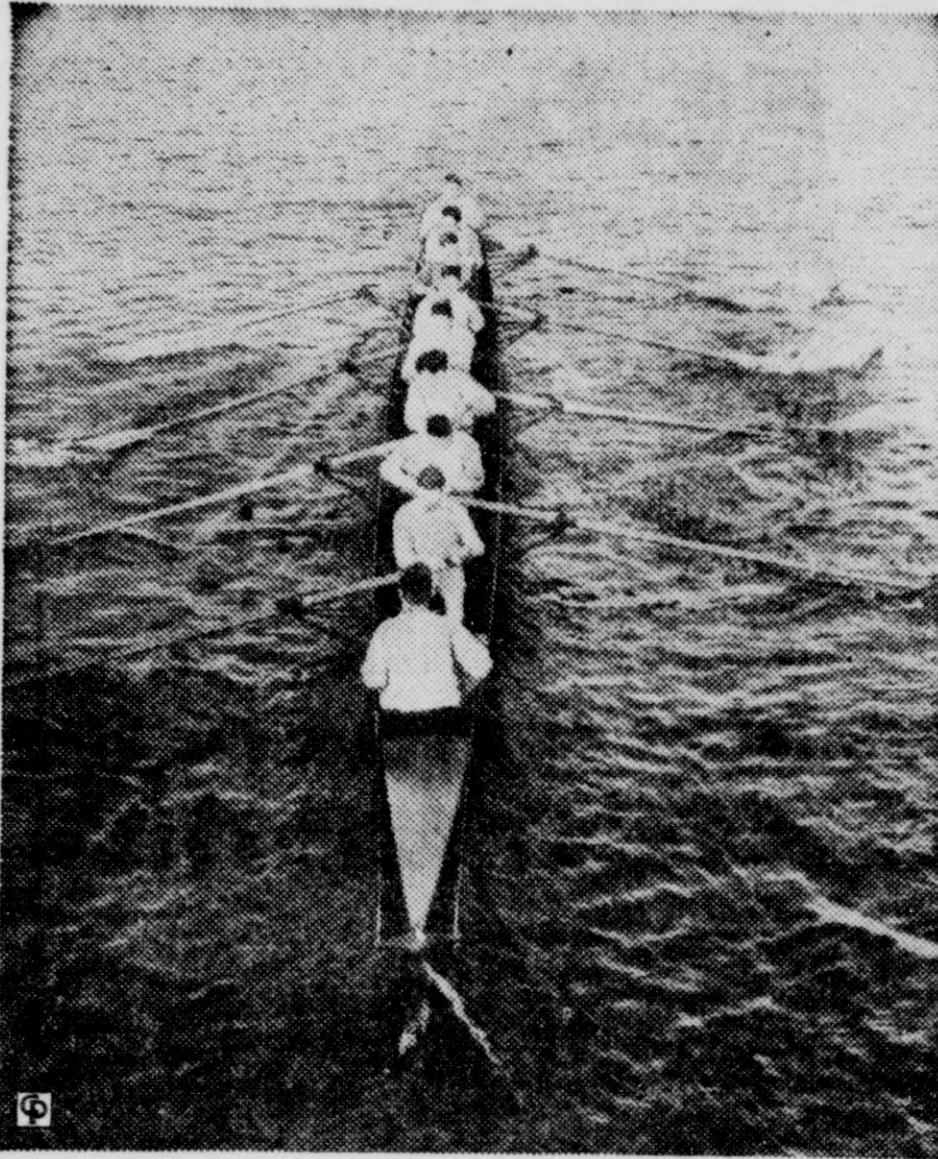

Members of the Class A Softball league will have a meeting at the "Y" on Friday night at 7:30 o'clock, it was announced today by Dundo Ambrosia.

The following teams should have managers at the meeting: Radia-tors, Sons of Italy, Willow Grove, East Side Civics, Johnson Bronze, Misoms, Valentinos, Gus Big Ten and the Columbus A. C.

Ambrosia would like to have the following officials of the 1940 league present: Rocco P. Viggiano, president; Ray Wallace, Anthony Conn, Sid Lockley, George Galle and Charles "Bugs" Walther.

New Castle's sporting fraternity is deeply saddened by the passing of Walter B. Smith, former high school halfback in 1928, '29 and '30. An elusive back with first rate football talent, the colored athlete was mainly responsible for many victories during his scholastic days. In addition, Smith played for Geneva college. Smith founded the Booker T. Washington center and

### NAVY OARSMEN WORKING OUT

U. S. Naval Academy oarsmen go for a ride on Chesapeake bay at Annapolis, Md., as they tune up outdoors for the coming rowing meets. From Coxswain W. R. Kurtz of Greeley, Colo., back we have W. A. Racette of Brooklyn, R. Riley of Des Moines, B. McCauley of San Antonio, J. A. Dudley of Oklahoma City, J. L. Hausen of Burbank, Cal., W. H. Cross of Naugatuck, Conn., R. C. Armistead of Seattle and C. D. O'Sullivan of San Francisco.

Sports Organ Melody:  
New Castle's youths have a champion supporter in Preston J. Flaherty, secretary-treasurer of the Johnson Bronze company. The former Yale University griddier, whose football career was snapped by a fractured leg, is willing to go the limit in any kind of a program of campaign that will see the budding youth emerge on the winning end. Pres has checked the situation thoroughly and believes that the younger generation is being overlooked.

"How many ball parks do we have? A youngster interested in baseball has a tough time getting his hicks. We have a few recreation centers, true, but how do they rank with those of other communities? Not so good, is the answer. Tennis courts, public swimming pools and the like are far from plentiful. If we all join hands and push together, I honestly think New Castle can have all these essentials," the popular executive asserted.

Speaking along the same vein, New Castle, and Lawrence county for that matter, could stand a few modern baseball fields and tennis courts. Baseball is still the king of summer sports. You'd hardly think so around here. Shortage of diamond lots explains the chief reason why the county is in the rear, so far as supplying talent to the uppity circle of the game. As soon as responsible persons undertake the movement, some of the dreams may become realities. At least let's hope so.

Freddie Lindstrom, Paul Minner's boss at Knoxville, must have rented a new pair of legs. The ex-Giant star has placed himself on the active list Tony Lazzeri and Marv Owen did likewise but were soon plunked to the bench by pulled muscles. Look for Judge Landis to take drastic action if Van Mungo gets out of line again. The white-haired car thinks Van is getting the game some bad publicity.

### Slovaks Plan To Have Fast Team

The Slovak club baseball team, champions of the City Baseball League in 1939, plan to make a determined bid for the 1941 championship, it was stated today by Manager Steve "Fats" Gonda.

The club will have its initial workout at the Clifton Flats Field tonight at 5:30 o'clock. All of the 1940 players and any others who desire a tryout are invited to the field.

There will be three and possibly four new faces on the Slovak roster this season, it was announced by Business Manager "Mig" Kirof.

### INTERNATIONAL TO OPEN TODAY

More than 90,000 persons are expected to attend the opening of the International League today.

Rochester opens at Jersey City; Montreal goes to Newark; Toronto at Baltimore and Buffalo at Syracuse.

### Indians Release Pair Of Rookies

CLEVELAND, O., April 17.—Indian rookies Vern Freiburger, first baseman, and Dick Klein, right-hand pitcher, were released outright today to Flint in the Michigan Ontario League. Outfielder Charles Workman was purchased from Wilkes-Barre, Pa., an Indian farm, present at 7:30 p. m.

### LAWRENCE LOOP MEETS TONIGHT

Representatives Seeking Franchise Should Be At Meeting

Lawrence County Baseball league will hold an organization meeting to be followed by an election of officers tonight in the Sports Goods store. Representatives from Ellwood City, 1940 champions; Bessemer, New Galliee, Wampum, Bessemer, Brent and Medusa White Sox will be present. Representatives of teams who may desire a franchise in the league should be present at 7:30 p. m.

## Greenberg Faces New Examination By Detroit Doctor

(International News Service)  
DETROIT, April 17.—Hank Greenberg, the American league's most valuable ball player, comes here tomorrow to keep a date in Briggs stadium with the Detroit Tigers against the Cleveland Indians, and also with his local draft board.

Hank has been ordered by his draft board to appear in a Detroit hospital at 10 a. m. for a complete physical examination by his board's medical advisory board. The medical board will either sustain or reverse a decision made by a Florida doctor who recommended that Hank be deferred from army service because of flat feet.

Pending the new examination, Hank has been classified in 1A—available for immediate service.

If it develops that the big left fielder must go into the army, it is highly possible that he will be inducted May 7.

## 2,500 Miles Of Trout Streams In Forests

HARRISBURG, April 17.—G. Albert Stewart, Secretary of the Department of Forests and Waters, today said there are more than 2,500 miles of well stocked trout streams located within state forests, all of which are open to the public.

The density of the forest growth along many of these mountain streams provides excellent shade, food and protection for trout, and are favorite haunts for fishermen.

To facilitate fishing on the state forests, it is the aim of the Department of Forests and Waters to develop good forest roads and trails in each forest district. These roads and trails are posted with signs so that those using the state forests can readily locate themselves.

Public use maps have been prepared for the entire state forest area and are distributed free to forest users. These maps give the location of roads, trails, streams and other important features.

## Conn And Louis Bout Uncertain

(International News Service)  
NEW YORK, April 17.—Negotiations on the proposed heavyweight title bout between Champion Joe Louis and Billy Conn failed to pan out today after Johnny Ray, Conn's pilot, spurred a July date in lieu of a June bout as originally planned by Promoter Mike Jacobs.

Ray informed Jacobs that he would accept a July date on the condition that the promoter would stage a return match between Conn and Bob Pastor in Pittsburgh in May or June. James J. Johnston, Pastor's manager, declined the offer.

Johnston said he planned to hold Jacobs to his original agreement to match Pastor with Louis in Los Angeles at July 21. There is no indication, at present, who Jacobs plans to match with Louis in June. Ray Carlen is still insisting on a Louis fight for Lou Nova in June.

## West Side Team To Meet Tonight

The West Side baseball team will have an important meeting tonight at the home of Bob Maher at 8 o'clock. Plans for the team entering the City Baseball league will be taken up for discussion.

Manager Len Gilbert would like to have the following attend the meeting: Stewart, Smith, Knight, Pyle, Via, A. Grieve, G. Grieve, Bechtol, Spike Williams, P. Kearns, M. Kearns, Dick Biddle, Sisley, Morrison, Jay Thomas, Gaunaugh, Maher, Joe Smith, Kelly and any others who desire a tryout with the West Siders. Contracts will be signed tonight and the first workout will be held Friday night at the Lee avenue field at 5:30 o'clock.

## Rifle Club To Meet Tonight

The New Castle Rifle club will have an important business meeting and shoot tonight at the Cathedral range at 7:30 o'clock, it was announced by Secretary Ray Hammond.

All members are urged to try and attend the meeting as matters will be up to every member will be up to discussion. The club will go to Ellwood City next Monday night for a shoot-off for second place in the Interstate Rifle league with Eau Claire, East Palestine and New Castle taking part.

## A. A. Loop Race To Begin Today

American Association rivals start their 1941 championship race this afternoon.

As in the majors, opening day ceremonies include a patriotic motif. Games today find Louisville entertaining the Kansas City club, 1940 champions; Minneapolis plays at Toledo; St. Paul travels to Columbus, and Milwaukee fires away at Indianapolis.

Columbus has been installed as the favorite, closely followed by Kansas City and Minneapolis.

## Joe Marty May Get Draft Call

(International News Service)  
PHILADELPHIA, April 17.—Doc Prothro, manager of the Phillies, suffered his second major blow from the draft today when Center Fielder Joe Marty was notified that he might expect a call from Uncle Sam any day now.

Marty, whose draft board is in Sacramento, Calif., would follow into camp Hugh Mulcahy, star Phillies hurler. Joe, placed in class 1-A, is unmarried but helps support his parents, "but a lot of fellows are having tougher breaks than mine," declared Marty.

## WOMEN GOLF STARS PLAY IN EXHIBITION MATCH

Four of the nation's leading women golfers are shown on the Pinehurst, N. C., course where they played an exhibition for wounded Scottish soldiers. Left to right, they are, standing, Patty Berg of Minneapolis, Helen Detweiler of Washington, D. C.; Louise Fordyce of Youngstown, O., and Mrs. Estelle Lawson Page of Chapel Hill, N. C. The Scottish girls in front are college students.

## Elders Working Hard At Field

Lockley Field Will Be Known Hereafter As Marshall Field, Joseph Eddy Announces

The Elder A. C. members are hard at work each evening at the Marshall Field, formerly Lockley Field, getting the baseball diamond and the bleachers and seats in shape for the coming season. Work is also being done at the playground site adjoining the ball field.

Chairman Joseph M. Eddy asks that the members cooperate with him in getting the field in shape for the season. There is a lot of hard work to be done to put the field in first class shape. The field will be scraped and rolled.

The first workout for the Elders will be on this coming Sunday afternoon at 2:30 o'clock. It was announced by Manager Joe O'Leary. There will be several new faces on the Elders team this season. It is no secret that the Elders are planning a determined pennant bid in the City Baseball league this year.

According to Mr. Eddy the Elders are planning on one of the most outstanding teams in the history of the Elder A. C. and have signed up already some very talented baseball players. Announcement of the Elder roster will be made at a later date.

## Army Will Help Players, Pennock

NEW YORK—Herb Pennock, one of the greatest pitchers in the annals of baseball, disagrees with those who believe army life will wreck a player's career.

The left-hander believes that a year's service will make better players. Pennock, who is in charge of the Boston Red Sox farm system, was in the navy during the World War I.

## WEINTRAUB TO ANGELS

Phil Weintraub, who decided to quit baseball last winter, has changed his mind and today has re-entered the game. A member of the Minneapolis team, Phil, however, has been sold to the Los Angeles Angels of the Pacific Coast League.

NOTRE DAME — Arthur W. Pope, next season's Notre Dame basketball captain, hits the bucket from all angles and maintains an average of 90 in his grades.

## First Aid Station For School Contest

Red Cross Will Have Trained Worker Present To Care For Emergencies

Harry J. Culliford, chairman of first aid of the Lawrence County chapter, American Red Cross, has made arrangements to have a first aid station at the Cathedral on Friday and Saturday to take care of any emergencies which may arise during the state music and dramatic contest.

Mrs. Sara Cramer will be on duty Friday morning; Mrs. Anne Castelle will be on duty Friday afternoon; Miss Wilda Reicher will be on duty Saturday morning and Mrs. Plummer Gibson will be on duty Saturday afternoon. The station will be maintained from 9 to 12 and from 1 to 4, on the above days.

Mrs. Robert Peterson will be in charge Friday evening from 8 to 11:30 o'clock.

The above individuals volunteer their time to the chapter and any large group having meetings or gatherings may contact the chapter house and this service will be rendered without charge. All services are volunteer.

## Will Train Women Of Motor Corps In Defense Measures

Red Cross Corps Will Be Enlarged And Women Will Receive Special Training

Plans are now under way here to increase the membership in the Motor Corps of the Lawrence County Chapter, American Red Cross, of which Mrs. John McIlwraith is chairman, and to provide the members of the corps with special training in first aid, communications, and mechanical work, as a national defense measure.

Major W. Fulton Jackson has accepted the task of supervising the training in communication work while Drumm and Geary will give the instruction in mechanical training on motor cars.

Women who own their own cars or who have the use of an automobile in a game against Detroit, May 1, last season. Hollingsworth passed six, Kraskauskas four, Carrasquel two and Masterson three. The most batters walked by one pitcher was 12 by Vallee Eaves of the White Sox in 7-2-3 innings.

LOS ANGELES — The new baseball diamond at U. C. L. A. has been named Joe E. Brown Field in honor of the movie star and former ball player.

## SHORT SPORTS

Four Washington pitchers collaborated to issue 15 bases on balls in a game against Detroit, May 1, last season. Hollingsworth passed six, Kraskauskas four, Carrasquel two and Masterson three. The most batters walked by one pitcher was 12 by Vallee Eaves of the White Sox in 7-2-3 innings.

UNIVERSITY. Miss. — Jack Flack, Mississippi sophomore, won letters in football and basketball and seems assured of them in baseball and tennis.

A sore arm which bothered Mort Cooper of the Cards last year is said to have completely disappeared.

# FROM ME TO YOU

## By MESEALL

Some people delight in writing letters . . . especially if they think they can give anyone or anything the dickens. More people probably write letters condemning the city officials and the city as a whole, than anything else on the long list of things to complain about. The other day we received a letter from a "self called" taxpayer, telling what they thought about the public servants . . . nine chances out of ten, this same person would never think of writing the ones they were complaining about. In person. Some letters are signed and some unsigned . . . this particular letter was signed . . . although it did not contain any worthwhile comment. If the writers of letters complaining about the city and city officials would only sit down and do some worthwhile thinking, they probably would never write such letters . . . this is still a FREE country at election time . . . election time is when we should really do our thinking . . . not in the middle of the year. We honestly think that the present local authorities are doing the best they know how . . . their job is not a simple one . . . it's no cinch to go out and pick up industries . . . it takes time. We recommend to those who are complaining about local conditions, that they make it a point to visit their councilman . . . he is working for every taxpayer in the city . . . you have a right to talk to him about worthwhile subjects.

Tonight the crowd will start to gather . . . the hundreds of music and speech students of Pennsylvania will do their stuff in New Castle Friday and Saturday. We are the hosts, we citizens of New Castle . . . let's all do our part and when these people go back to their respective homes they will say . . . "Gee, New Castle is a swell town."

Some of the lads that went out fishing the first day of trout season are still without fish . . . usually they complain about the weather being too cold . . . this year they haven't that excuse to make . . . wonder what it will be? But there are more days yet . . . so keep a fishing lads, keep a fishing . . . and don't forget to be a good sportsman.

The classified ads are here to help you with your spring housecleaning . . . read and use them often . . . they save cash and steps. Ask the persons who have used them.

## Bremen Pounded By R.A.F. Bombers

(International News Service) LONDON, April 17.—British bombers pounded naval and industrial targets in northwestern Germany during the night, with the seaport of Bremen the chief target, the British air ministry announced today.

The communiqué said haze rendered observation of results at Bremen and other North German towns difficult, but that fires nevertheless were seen spreading through many parts of Bremen.

Wilhelmshaven, Cuxhaven and Wesermund also were bombed, the air ministry stated, while planes of the R. A. F. coastal command last night bombed the docks at the German-occupied French port of Brest.

During the hours of daylight yesterday planes of the bomber command attacked Helgoland and other bombers, escorted by fighters, attacked an airfield at Berck-sur-Mer.

In all these operations, the communiqué said, one bomber, three fighters and one aircraft of the coastal command were lost but one fighter pilot was rescued.

The publicity department passes out pictures of army hostesses, thus ending an incipient wave of jealousy among the girls back home, maybe.

## STOCKS

## Stock Market Is Somewhat Lower

## Some Support Appears At Times But Rallying Power Is Limited

(International News Service) NEW YORK, April 17.—The stock market weakened today. Steels led the decline, showing losses running to over a point.

Some support appeared at times, particularly in rails but rallying power was limited.

T. S. Steel started over a point lower and came back only slightly. Bethlehem dropped more than a point. Both came within fractions of their year's low. Crucible regained a point loss.

Chrysler was down a point at the start and came back later. General Motors was easy.

Allied Chemical dropped 2 points but other chemicals were supported. Union Carbide rose a point.

Pullman started with 10,000 shares at 24 1/2, overnight drop of 2 points but came back slightly later.

Rails scored fractional gains. American Smelting was up a point in an irregular market for coppers. Electrical equipments eased. Oils firmed up after an easy start. Rubbers gained slightly.

## Big 'Y' Circus To Open Tonight

## "Barn 'Em In &amp; Bail 'Em Out" Show Opens At 7:30; Cast Of 350

Three hundred and fifty well-rehearsed performers are ready to swing into action in the Y. M. C. A. gymnasium tonight at 7:30 when the circus of Ringmaster Henry T. MacNichols calls to order.

"Ladeczz and gentlemen-in-n. That show of shows, the 'Barn 'Em In & Bail 'Em Out Circus'."

The 20-act program, those in charge say, will take two hours. But they guarantee there just won't be a dull moment in those 120 minutes.

Each spring the gym is packed on two nights for the merry-makings of the volunteer fun-makers who do their best for the benefit of the Y's physical department. The Key Men's club, a physical department group, supervises the circus planning.

Several groups of New Castle grade school pupils will appear during the program.

## AROUND CITY HALL

Council met today and awarded to J. R. Rick a contract for the removal of the municipal hospital at Sylvan Heights golf course. The company offered the city \$300 for the building and contents. Only one or two patients ever were treated in the hospital which was erected for the accommodation of persons with contagious illness.

Solicitor Robert White today recommended a deed of redemption to Joseph E. Buntman, taxes amounting to \$643.29, having been paid for properties on Lawrence street, Hamilton street and Moravia street, acquired as the result of a city tax sale in 1929. Council instructed the city treasurer to execute a deed for the property.

Because of the street paving and Big Run program council in meeting in city hall today decided to rent another power shovel at a rate of \$2.75 per hour. The WPA will pay the operator \$75 per month. It was stated. The city is keeping two power shovels busy on the Big Run job.

During council session held in the municipal building this morning bids for liquid chlorine, necessary at the city disposal plant, were opened. The bids were referred to committee.

New Castle Duntle and Mooney Bros today presented bids for ready mixed concrete, required by the city for the city-WPA sidewalk construction this year. Both firms presented a bid of \$8.50 per cubic yard. The bids were referred to the city engineering purchasing agent for a recommendation. The city has about 10 applicants for sidewalks. The project will start about May 15. It is not yet known how many sidewalks will be built. The labor situation will have something to do with this. It was reported today in city hall.

L. B. Round, vice president of the Pennsylvania Power company, Mayor Charles B. Mayne and colleagues visited South Jefferson street near the Power company's service building. The company has laid a new sidewalk there. The company will waive all claims for damages. The city fathers to study the situation because Mr. Round stated there are two fire hydrants there which are apt to be struck by automobiles.

The coin box from meter No. 255 was stolen last night. Almost every night some meter is robbed. Several persons have been arrested and fined for tampering with them.

## GERMAN TANKS ROLL THROUGH STREETS OF SALONIKA

Greek citizens watched with interest as German tanks rolled through the streets of Salonika after the important Greek city had been given up by the Anglo-Greek forces fighting the Nazi invasion. The two men in the left foreground may be giving a version of the extended-arm Nazi salute. The picture was radioed from Berlin to the United States.

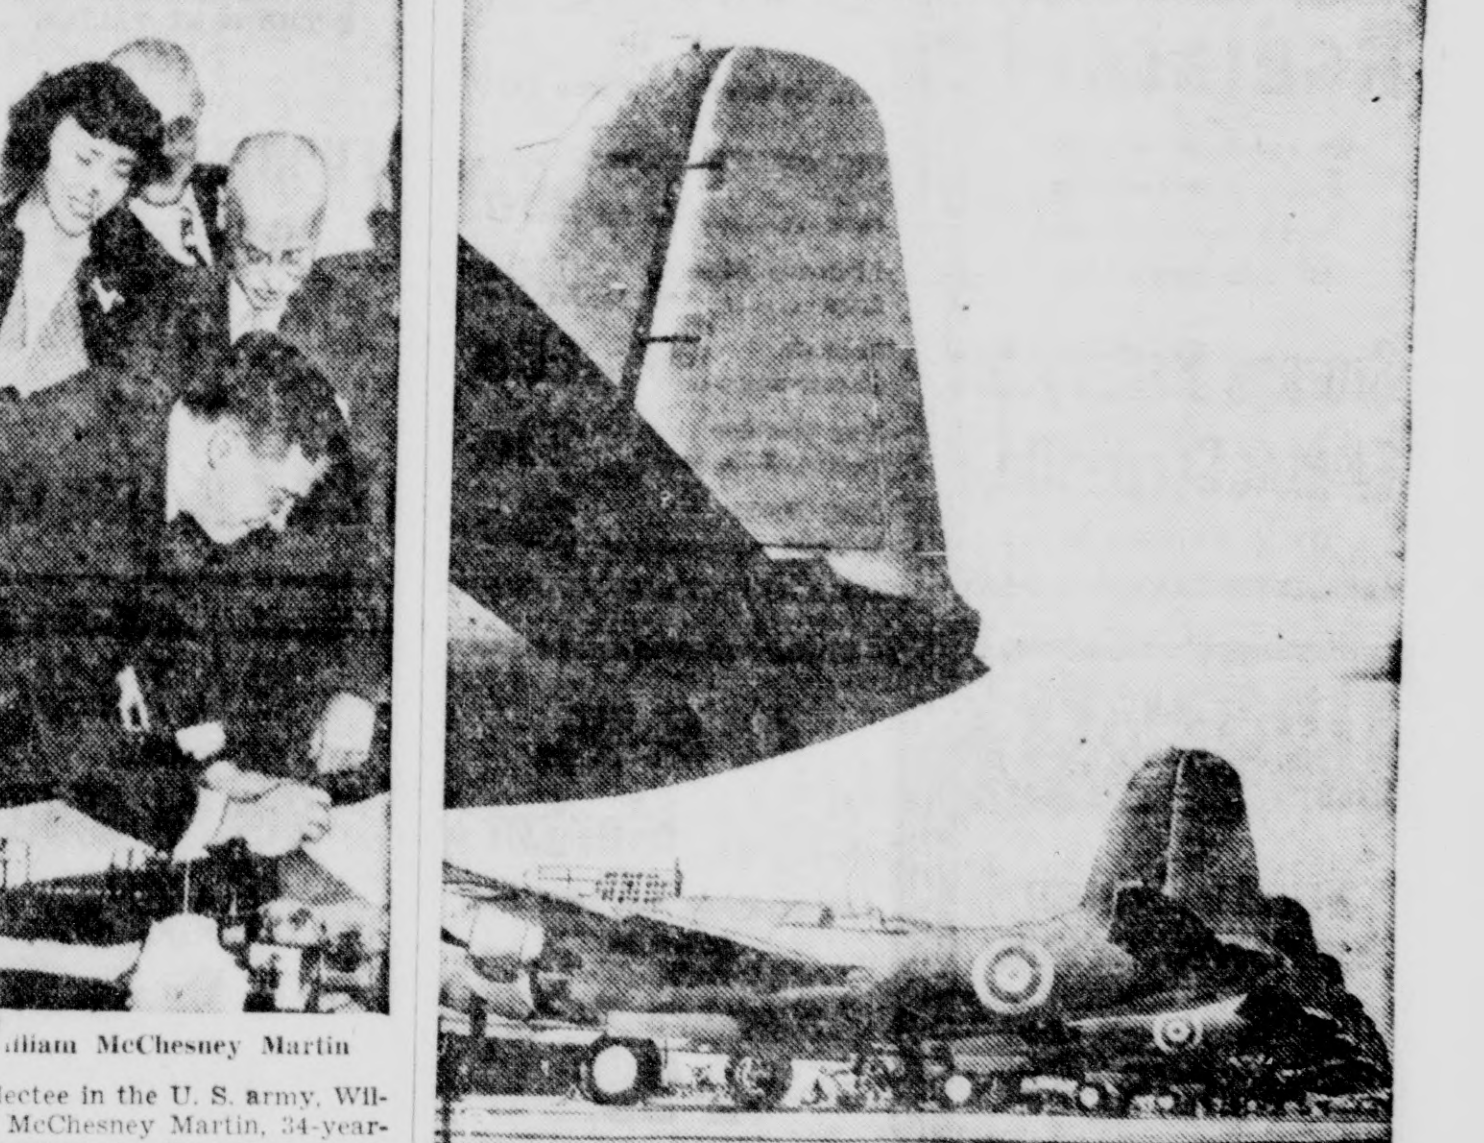

## Pan-American Belle Backing "Independent Croatia"

One of the more attractive phases of the celebration at Miami, Fla., marking Pan-American day, is Miss Carolyn Wells, above, who makes her bow to the good neighbors to the south in an Ecuadorian hat and serape, ideal for beach lounging. The Pan-American influence will be dominant in beach attire this season, fashion designers say.

Soldiers identified by the official German caption as Croatian troops inspect a Nazi tank following arrival of a German armored detachment in Zagreb, chief city of Croatia. Independence of the Croatian state from Yugoslavia has been formally recognized by Hitler.

Built by American engineers for the defense of Britain these new Douglas BD-7B attack bombers line up at the Los Angeles municipal airport awaiting delivery to England. The planes, called the "Boston III" by the Royal Air Force, are now en route to Europe in increasingly large numbers.

# Embittered Pierre Laval In Nazi-Occupied Paris Nurses Dreams Of Revenge

By KENNETH DOWNS  
International News Service Staff  
Correspondent  
LISBON, April 17.—From the moment you cross the closely-guarded line of demarcation from unoccupied into occupied France you run into an endless green tide of German troops.

They are everywhere—in the trains, in the streets, the stations, the fields. No village is too small or remote to have its commandant and quota of Nazi soldiers. You would hardly imagine there were so many German soldiers in the world.

Paris is, of course, packed with them. The city seems about as much German as French. Every large hotel in the city is completely requisitioned by the Nazis and most of the small hotels are filled with them as well. I telephoned the Royal-Montparnasse hotel where I once lived and had to hang up when I found the German telephone girl spoke no French. I found the commandant of the town is living in my former house in Rambouillet.

You don't have to spend much time in occupied France before you begin to understand and things that you didn't understand amid all the double-talk at Vichy.

You soon realize that the most important political fact in France today is the presence of this enormous German army. All things political begin and end there. All other considerations, brave intentions, hatred of the conquerors, Marshall Petain, Weygand, everything else, are dwarfed by comparison.

**Pierre Laval For Revenge**  
And, sitting there in Paris, darkly smouldering with anger and humiliation, and hungering for revenge, is one of the toughest and shrewdest of Frenchmen, who is well aware of this fact. He is Pierre Laval. He knows that nothing else counts as long as the German army is in France.

"I realize the public is solidly against me," Laval told a friend recently, "but I don't give a damn (je m'en fous), as long as the German army is here. I don't care if I

don't even have one per cent of the public behind me."

"Then you plan to use the German army as Hitler used the Brown Shirts, is that it?" he was asked.

"Well, yes—if you want to put it that way," said Laval.

Laval is full of confidence as he is full of hate and vindictiveness and he talks with astonishing frankness these days. He openly admits now he has been betting on Fascism for years and is completely convinced of its ultimate victory.

"England Must Be Crushed"

"I saw back in 1935 that the coming fight in Europe was the fight between Fascism and Bolshevism," he said. "I chose then for Fascism. I am as convinced today as I ever was that we will win. The victory must be complete. There must be no compromise. England must be crushed forever. That done, I see France taking her rightful place in Europe—the first Latin Power."

He made this declaration at the height of the Italian reverses in Africa and Albania.

Laval is certain of his return to power; he is just waiting for the right moment. If he can arrange with his German supporters for the release of some of the 1,800,000 French prisoners, or the betterment of their conditions, he may even return with some popularity.

But he has blood in his eye. He makes no secret of the fact that heads will fall when he reassumes power. He has the names of those who aided in his ousting Dec. 13, and he has sworn to have the hide of every one of them.

He realizes these rough games work both ways. He frankly admits he is as good as dead if the British win, and that he may be assassinated before either side wins. But whatever else may be said about Black Peter Laval, he cannot be accused of being a physical coward.

**May Be Assassinated**  
It is an odds-on bet around Vichy that he will be assassinated. I personally have heard men vow that he won't come back to Vichy and live.

Laval heartily reciprocates Marshall Petain's hatred for him. He speaks scornfully of his old chief

as a doddering ancient whose mental faculties have grown dim. This is his story, to a friend, of what happened on the fateful night of Dec. 13, when Petain demanded his resignation.

"I was furious. I demanded to speak to the Marshal privately and find out what it was all about. We went into his study and there he complained that I had not been frank with him, that I had withheld information from him. I hotly denied this. I told him that I had always reported all my actions and plans to him."

"Yes, but I forget what you say; you should write memoranda for me," the Marshal said.

"I angrily told him I would do no such thing, first because I was too busy, secondly because I didn't trust the men around him. He replied that if I wrote memoranda he could have them locked up in his strong box."

"Then you would forget what he had said," I said.

"Ah, you do me an injustice," the Marshal said, indignantly.

"All right then, who has the key to your strong box at this very moment?" I demanded.

"He didn't know."

## The Golden Text

The day of Pentecost

"They were all filled with the Holy Spirit, and they spoke the word of God with boldness."—Acts 4:31.

By NEWMAN CAMPBELL  
(The International Uniform Lesson on the above topic for April 20 is Acts 2:1-4:31, the Golden Text being Acts 4:31. "They were all filled with the Holy Spirit, and they spoke the word of God with boldness.")

"Behold, are not all these which speak Galileans?" asked some. Others scornfully replied, "These men are full of new wine."

**Peter Explains**  
Seeing the general amazement, Peter, the spokesman, stood up in their midst and explained that they were not drunk, as it was only the third hour of the day—around 9 o'clock. Quoting the prophet Joel, he quoted, "And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon all flesh; and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams."

He told them that Jesus of Nazareth, who was approved of God and who worked miracles among them, had been slain by them, but that He had risen again, which he, Peter, and his friends had personally witnessed.

"Therefore, let all the house of Israel know assuredly, that God hath made that same Jesus, whom ye have crucified, both Lord and Christ."

Peter's sermon converted many, who were baptized and "continued steadfastly in the apostles' doctrine and fellowship."

Peter and John went to the temple one day to pray. Now a certain man who had been lame since his birth was daily laid at the gate called Beautiful of the temple, to ask for charity. He accosted the apostles, and Peter looked at him, then said, "Silver and gold have I none, but such as I have give I thee: In the name of Jesus Christ of Nazareth rise up and walk."

Peter took hold of the man's hand, lifted him up, and the man walked, his feet and ankle bones receiving strength. He leaped up, walked, entered into the temple, praising God. And all the people who saw him also praised God.

**Peter Again Preaches**  
Peter took this occasion to again preach to the people, but when the priests, captains of the temple and Sadducees heard about this matter they arrested Peter and John and, as it was evening, put them in prison for the night. In the morning they heard what they had to say. You remember how timid Peter had been heretofore, and fearful of being arrested. Thrice had he denied his Master. But now, knowing that his Lord had risen, and filled with the Holy Ghost, he bravely defied these leaders. He told them that it was through the Lord Jesus, whom they had crucified, that he was able to perform this miracle.

The leaders were puzzled as to what to do with these men. The miracle was indisputable, and the people were filled with wonder and praise, and they hardly dared punish the men. They sent Peter and John outside while they conferred, and then called them back and told them they could go, but they were not to preach the gospel of Jesus any more.

"But Peter and John answered and said unto them, 'whether it be right in the sight of God to hearken unto you more than unto God, judge ye.'"

"For we cannot but speak the things which we have seen and heard."

Nevertheless, the priests, captains and Sadducees again warned them and let them go, and they went to their own company and reported all that had happened to them. And the whole company rejoiced and praised God and prayed. "And when they had prayed, the place was shaken where they were assembled together, and they were all filled with the Holy Spirit, and they spake the word of God with boldness."

## Westminster Will Have Mother's Day

Program Is Arranged For Saturday—Oil Painting To  
Be Unveiled

(Special To The News)  
NEW WILMINGTON, April 17.—Over 400 mothers are expected to attend Westminster College's annual Mothers' Day activities on the campus Saturday, April 19.

The day's program will include a chapel for mothers, luncheon, an athletic exhibition in the gymnasium, unveiling of an oil painting of the late John Sephas Mack, a tea in the library, a play "The Importance of Being Earnest" in the chapel, and music.

Morning activities open Saturday with an organ prelude in the chapel at 10:45, followed by an 11 o'clock chapel service for mothers, guests, faculty and students. A prayer service is scheduled at noon in the Little Theatre, followed by 12:30 luncheon.

At 2 o'clock, Coach Dave Boyd will supervise an athletic exhibition in the gymnasium. At 3:30, Dr. Robert F. Galbreath, Westminster president, will dedicate an oil painting of the late John Sephas Mack, which will hang in the main entrance of McGill Library, to which he was a prominent donor. Present at the unveiling of the painting will be Mrs. J. S. Mack, her two sons, James S. Mack and Gordon Mack, and members of the Westminster College board of trustees.

At 4 o'clock, a tea will be served in the general reading room of McGill library, in charge of Dean Mary Turner of Westminster.

In the cast of "The Importance of Being Earnest," to be presented in the chapel at 8:15 in the evening, will be John Gealy, Mt. Lebanon; Forrest Rosenberger, Pittsburgh; Frances Turnock, Wilkesburg; Helene Edgar, New Castle; Elizabeth Burnite, Etta; Jean Hollinsworth, Beaver Falls, and Stewart Davis, Greenport, N. Y.

Preceding the Oscar Wilde play, the Madrigal Singers will present a program in the chapel; and a one-act production, "Overtones" will be presented. In the "Overtones" cast are Janet Keen, Altoona; Virginia Rye, Erie; Elsie Hethington, Union, N. J.; and Virginia Zepp, Ardley. Director of the production is Elizabeth Burnite, Dr. A. T. Cordray will direct the "Importance of Being Earnest" production, assisted by Janet Keen.

## Home Is Burned On Perry Highway

Believe Chirping Of Canary  
Awakened And Saved Members  
Of Family

(Special To The News)  
MERCER, Pa., April 17.—The chirping of a canary saved the family of seven from possible death Wednesday when the home of Mr. and Mrs. Floyd Jenkins, one mile south of Mercer on the Perry highway was destroyed by fire.

The bird, which awakened the family apparently perched in the flames which levelled the one-story frame dwelling.

When aroused about 4 a. m. by the canary, the parents found their home enveloped in flames but managed to call their five children and assist them to safety. Mercer's east end fire department was summoned by neighbors, but the blaze was beyond control when the firemen arrived. Contents of the house were lost.

Firemen believe the blaze was started by defective wiring. No estimate of the damage has been made.

History repeats, and if miners and operators can't insure a supply of coal, somebody will invent a substitute to save trouble.
